FROM THE USA

BY MARCUS-JAY WONACOTT

In this day and age, where the lives of leathermen are guided by AIDS and the dictates which surround this ongoing slaughter, I have been thinking and talking a lot

about intimacy.

I have been a sexual being for many years. As I look back on my "vast experience" I have come to realize that most of those times I was sexually involved with another guy, it was not an intimate moment. Admittedly, like many men within my peer-group, I could easily use sex as a way not to be open and vulnerable. My sexual prowess was a brick wall—a barrier of sorts—which kept me safe and intact. What I was protecting myself from, I am not sure. As the years have past, grief has rooted through my heart and soul rather like an oak which buckles the sidewalk. Why should I open myself up to being intimate if the man I am opening up to is going to go away—die.

Inspecting this idea of being protected, I realize why I have chosen to join the leather community and to combine SM play with my sex. Inherently, a "scene" cannot be successful unless both partners choose to be vulnerable. What's to be gained if there is no negotiation—no discussion about what one desires to do with another? What's the use in playing if I am not interested in where my bottom's boundaries lie? What his passions are or guiding him to at least one of his secret desires? SM, for me, is the psychological mixed with the physical. When I am lucky, the combination of the two lead me to something I would consider very spiritual.

I have been reviewing the relationships that have developed since I joined our leather tribe. Compared to other relationships I've had in the past or the ones developed in my ever-expanding career, the depth of my love and compassion runs much deeper. Why? There has been intimacy exchanged between us. Now mind you, I have not played SM with every person I am close to in my leather family. However, the intimacy still exists because we are individuals who are learning to open up and share real parts of ourselves. This closeness is as passionate and committed as a "blood relative." I believe our thirst for SM/leather play has given us practice in vulnerability—intimacy.

We talk a lot about what is happening in our community these days. The criticisms, the in-fighting, and all-around fractionalized nature of dealing with each other. Of course, we are human and will continue to make mistakes with each other. But if we were to take what we already know from our play and applied it to how we relate, I believe we would be one step closer to what intimacy is all about. ■

FROM EUROPE

BY JACQUE HAPPE

The other day, a friend told me he was completely fed up with Holland's lecturing attitude towards safe sex. The reason for his complaint was Amsterdam's new

policy on "enforcing" safe sex in darkrooms. Bar owners have placed large signs in both English and Dutch at the entrances of their darkrooms. This sign says: "In this darkroom UNSAFE SEX will not be tolerated."

The safe sex movement in Amsterdam is led by a couple of drag queens, and in Amsterdam many leathermen are absolutely not interested in the message which comes from these individuals. The result: people don't listen. What my friend finds irritating is the persistent way these campaigners spread their messages—using men in rubber wetsuits. It also annoys him how many of the bar owners who operate darkrooms "don't tolerate unsafe sex." My friend wonders what should bar owners do when they come across men engaging in unsafe sex activity? Should they act as policemen in a darkroom? Use an electric torch? And what should they do to those men, banish them from their darkroom or bar? "Isn't it everyone's own responsibility?" my friend asked me. AIDS awareness

is a good thing, my friend believes, but some people go to the extreme in order to make their point regarding how an individual should behave sexually—especially in public.

I personally believe that the leather scene needs a new safe sex campaign in Europe. Too many guys practice unsafe sex. And, I know we have to be careful, but a focused campaign must be promoted. Of course, most everyone knows about safe sex these days, but what about the newcomers? What about those who've forgotten or given up? We must tell them—warn them—life is too precious to waste, and therefore, a safe sex sign can be an effective tool—as a first step towards better education. But in Amsterdam, unfortunately, the nuts-and-bolts of this campaign hasn't made much of an impact yet, because it might be too pushy. Well, as I see it, keep pushing because our lives depend on it. ■

TOM LAUGHMAN, MR. MARYLAND LEATHER 1995 WILL COMPETE AT IML IN CHICAGO NEXT MAY.

dent John Rocco sashed Raymond Citron, a former New Yorker, who will compete at IML in Chicago next May.

Also in mid-November, the C.O.M.M.A.N.D. group of Baltimore (Corps of Men Making a Noticeable Difference), staged the Mr. Maryland Leather 1995 contest at the Baltimore Eagle. The theme of the contest weekend dealt with an airlines trip with emcee Frank Nowicki in a pilot's uniform and a riotous drag-a-thon of C.O.M.M.A.N.D. members, making stick for ever their "other" name, Come On, Mary, Make A New Dress!

When all the votes were counted, Tom Laughman of Baltimore won the title and will be competing in higher echelon competitions before the year is up. The 1st runner-up was Gary Arnold and the 2nd runner-up was Jim Wright.

In Omaha, the Mr. and Ms. Nebraska Leather competition also took place in early November. There was only one male contestant and the judges didn't fancy him for higher competition, so last year's winner will be

saddled with the title for 12 more months. He's a heterosexual man with police fantasies.

MEMORIAL FOR TERRY THOMPSON, SF-EAGLE MANAGER

San Francisco, USA—In San Francisco during early November, the longtime manager of the San Francisco Eagle, Terry Thompson, succumbed to AIDS complications while a huge outpouring of grief engulfed the leather community as well as other areas

beyond San Francisco. He had endeared his bar to virtually every charity, gay and non-gay, in the community and was honored over and over again for the efforts of the SF-Eagle and the Eagle staff. It is not every bar across this country that has made their facilities available to raise money with beerbusts, contests and other benefits that now approach the \$3 million mark.

FANTASY CREATES MORE FANTASY AND SEX

International—In other news (and just when you thought there couldn't

possibly be another leather title to deal with), Dustin Logan, one of the major producers of Fantasy, held in Omaha each year, is in the planning stages and will eschew the fantasy show next August and revamp the entire weekend with an International Mr. Fantasy title competition.

Contestants will be invited to compete from around the world in fantasies that will quite possibly be judged to earn the performer the title, International Mr. Fantasy. Watch your mail box(es) for the press release due out in January 1995 announcing the date, location, criteria and judging panel and rules.

Meanwhile in Melbourne, Australia, The Gatehouse, a new fantasy sex club is taking the Land Down Under by storm. Men from around the world are flocking to Melbourne to savor the "best thing that ever happened in Melbourne" according to seasoned savorers of the lusty life. Check it out on your next trip to Melbourne. They have a big and cohesive leather community and even as you read this, it's Summer there.

TOM OF FINLAND BRANDED OBSCENE

Aylesbury, England—A bargain bookshop in England's Aylesbury district has been forced to hand over

its stock of erotic art books by the late Tom of Finland. Magistrates branded the books obscene and declared the books contravened the Obscene Publications Act. They ordered a number of Tom of Finland books to be handed over after a hearing at Aylesbury magistrates. Later, the books were seized and the shop charged under the obscenity law but not fined for displaying the books! (*Pink Paper*, 4 November 1994)

RUSSIA ENFORCES HIV TESTS

Moscow, Russia—The Russian parliament has voted 247 - 1, with one abstention, to approve a new law that forces all foreign residents to test for HIV and to expel those who test positive. According to London's *Pink Paper* (4 Nov. 1994) it is believed that hundreds of thousands of people will now be tested. It is most likely that human rights groups will bring Russia a lot of conflict because of this "anti-human" law. Now, the Higher House and President Yeltsin are the only ones to agree on the new law before it will be definitely installed. (*Capital Gay*, 4 November 1994)

SM WORKSHOP

Workshop in the spring of 1995 for interested leathermen. At press date, a specific weekend wasn't chosen yet. Specialized SM activists will be educated about techniques, equipment, dangers and psychological aspects of SM play. Not only will there be discussions, but demonstrators will conduct a "show and tell" as well. During the evening hours a huge SM party, at the Stuttgart Eagle, will be held, perhaps with a special SM show. The goal for the LC Stuttgart is to form a permanent SM group within its club and to have regular meetings. Because of the limited amount of space, everyone is kindly asked to write in for information as quickly as possible. For information and application, write: LC Stuttgart e.V., Posffach 13 12 16, 70069 Stuttgart, Deutschland/Germany.

MSC BELGIUM TAKES BACK ASCENSION

Brussels, Belgium—The Annual General Meeting of the ECMC in Stockholm, during the month of November 1994, has decided to give back the weekend of *Ascension* to the Motor Sport Club Belgium to be their annual leather party in 1995 (during this same weekend, the Swiss

club Loge 70 from Zurich is having its international ECMC leather weekend, which starts one day earlier). The organizers from Brussels have invited ECMC's newly-accepted club, MSC Rote Erde from Dortmund, for a visit to their three-day leather fest. It will be held from May 26 to 28. For information, you may contact the MSC Belgium, P.O. Box 699, B-1000 Brussels 1. The AGM will be held in Brussels in 1996 (as you know Amsterdam is hosting the Meeting for 1995).

FRENCH LEATHER SCENE HEATING UP

Paris, France—The leather scene in France is not negligible. And right now it's definitely heating up! The ECMC club has not been very active in the past couple of years. Still, the Gai Moto Club organizes endless runs as well as other leather-related events yearly. Two new leather bars have opened in Paris during 1994 and visitors to these leather establishments are amazed by the back room activity!

The association, Sportive Motorcycliste de France (ASMF, BP 2, 75965 Paris Cedex 20, France), the Republic's leading ECMC member club, now has over 100 members with a healthy

list of events with no political in-fighting. Typically French, members are encouraged to sit around a table to eat together once a month, usually on a Friday evening in a good gay restaurant, at which non-members are welcome—especially if they have reserved a space beforehand! Regular Sunday afternoon theme parties are also open to interested individuals. Inclusion is based on payment of a small drink-inclusive fee at the Transfert (3, rue de la Sourdiere) in Paris. MCRA, the Lyon club (MCRA Lyon, BP 3010, 69394 Lyon Cedex 03, France) is attracting its faithful followers for its weekend runs down on the farm. Meanwhile, Jean Pierre at the Mineshaft in Marseilles (Club Cuir ECMC-Le

Mineshaft, 28 rue Mazagran, 13000 Marseille, France) does his best to drag people into his occasional weekend events, where ECMC members get special rates. The On Moto Club (BP 94, 75522 Paris Cedex 11, France) has decided to use a part of its profits from its 10th Anniversary party to pay for 10 years worth of vouchers for daily and weekly TV rental in one of the AIDS wards at the famous Parisian hospital, Pitié Salpêtrière. Triangle Rose, the follow-up publisher of the infamous *On Pied* has now come out with *Projet X*. For 60F (f20.00/£5.75/\$11.75/DM18.50) Europe can read about bondage, a book and video review column, sex stories, an item on hoods, a six-page report on Hamburg, a six-page European guide, a three-page cartoon, classifieds, many photos and much more. It is interesting to read that the editor, Olivier Planque, wishes to appeal to an English readership. Well, that's not too difficult, but when the author writes, "...and there is basically little sex there." he probably has never been in England. A lot of sex takes place in England, and not only in private homes, but in bars and clubs as well. Since when do the English read or understand French, that they would really welcome a French magazine? *Projet X* is an ambitious magazine, which is very hard-core and it wouldn't surprise us if it were too hard-core for a very small part of the international leather/SM scene.

MISTER LEATHER EUROPE CONTEST

Amsterdam, Holland—On November 3, 1995, for the first time in history, a European Mister Leather Contest will be held. The Motor Sportclub Amsterdam has taken the burden upon its shoulder to organize this event as part of the celebration of its 25th Anniversary during that same weekend. The MSA is also hosting the Annual General Meeting of the ECMC on Saturday, November 4th. Everyone who believes he is capable enough to represent his country, city or club in Amsterdam, and desires to be a winner in Chicago in 1996 at the International Mr. Leather competition, may ask the MSA for more information

and application forms. The address of the MSA is: Postbus 3540, 1001 AH Amsterdam, Holland. The entire weekend takes off on Friday, November 3rd and ends on the following Monday morning with a breakfast. Reservations are preferable! Only 850 tickets for the Saturday night mega party will be sold on a first come—first served basis! Be on time so as not to miss the fun!

GETTING READY FOR 1995

Germany—1994 was a very exciting year for the German leather community. The first real leather parties were organized in the Eastern part of Germany as well as new leather clubs being founded there. "Chemnitzer Eagle" and "Leather Club Thuringen" are the main ones. East and West continue to grow together in the reunified Germany. The leather parties in Hamburg and Cologne, just to name a few, were attended by more than 1000 leathermen; the Christopher Street Day Parades went on for hours; during the Octoberfesttreffen in Munich, more beer was consumed than ever!

Below we have listed most of the main events in Germany for 1995. The SKVdC (Standige Konfereur Verein Deutscher Clubs - the Conference of the Association of German Clubs) has also informed us about their main events for this new year. If you want to visit Germany, the descriptions and dates might be helpful to plan your travel.

LEATHER PARTIES IN NORTHERN GERMANY

Germany—In the northern part of Germany, the main meeting and party of the year is the "Leather Party" by MSC Hamburg,

August 10 through 13. Usually more than 1000 men in leather, rubber and some uniform attend. Also very popular in Hamburg is the "Hexenkessel" ("The Cauldron") by Hamburg's other leather club, LC Hamburg, May 11 through 14. Even a bit further north, join the Leather Club North West in Bremen and visit "Bremerhafen", May 5 through 7 or "Bremer Freimarkt", October 20 through 22.

In Berlin, the main attraction is the "Bunker-party" of MSC Berlin, April 13 through 17.

GAYLACTICA

Germany—In Köln, the first party of the year is "Gaylactica," a costume party by MS Panther during Köln's annual Mardi Gras.

If you are into Carnival, a visit to Köln during the last weekend of February is definitely a "must." The theme of the party this year is taken from the old TV series, "Battlestar Galactica." If you remember anything from this science fiction serial, it has to be the tight pants! "Gaylactica Party" on February 25, 1994.

About 50,000 gays attended the Christopher Street Day and Parade in Cologne, making it the largest gay event ever in Germany. This next year you can join in on July 7 through 9. However, the best leather party is planned for August 25 through 27. It is the third annual "Leather by the Rhine" celebration.

Less than a one hour drive from Köln, you will find Düsseldorf, where the "LM - Leathermen Düsseldorf" celebrate their annual "Sternchen-Party," November 10 through 12.

In the middle of Germany, the coal-mining cities of Dortmund and Essen both celebrate their leather parties in July. MSC Rote Erde (Red Earth) has its "4th Party" July 14 through 16, and the Leather Friends Rhine-Ruhr produce its "Miners Meeting" (Kumpeltrefi) July 28 through 30.

BEER AND LEDERHOSEN IN THE SOUTH

Germany—Going south in Germany, in Mannheim where the FLC, Frankfurter Leather Club, meet for parties and fun. It all begins April 21 through 23 with the bike rally of MS Counexion. Continuing on in June is an event by "Clubs Olme Grenzen." This is a

party, more or less like a game show, where the leathermen are into rather "strange" and funny games. The date for this event is June 2 through 5. Their annual party, "Leather Odyssey"

is June 30 through July 2.

If you are into German beer, the "Octoberfesttreffen" of Manchener Lion Club on September 15 through 17, will give you a great opportunity for a special taste of Germany. You will definitely see some real Bavarian Lederhosen.

In Saarhincken, the main event is the "Saar Spectacle" of Leder Club Saar, September 29 through October 1. In Stuttgart you can meet the men of their Leder Club at the "May Meeting" on April 28 through May 1.

1995 also wraps up with the annual Christmas Meeting, the "Christkindlesmarkt Treffen" by Nürnberger Leather Club Franken in Nürnberg, December 1 through 3. ■

want to see what I mean, then **Boot Service** is something to look for.

In this video you get your basic dominant military type, construction worker, and weightlifter whose need for boot service is stronger than their need for dick service. In the first scenario, the licensee gets so worked up sucking on the sarge's boots that I'm convinced there are sex drugs in the polish (I wonder if I could get a government grant to study the effects of polish licking on the male libido?).

You'll hear things like: "Please step on my face, Sir," and "Don't torture me. Give me your feet." You'll see dress socks (under the military boots), boot eating (figuratively speaking, but he does choke on it), and even a few moves that my chiropractor charges me \$50 a session to perform. I was particularly impressed by the great camera angles that showed everything one would want to see.

However, if boots aren't necessarily your thing, then try **Jock Quest**, produced and directed by Tim Morano and John O'Leary. I could keep this review real short by telling you to buy it — trust me, you won't be disappointed.

I will tell you this much. A blond punk, with the bottom half of his head

completely shaved loves eating, licking and smelling the jock covered cock of an Italian stallion. In another vignette, a Falconesque type model with a deep, god-like voice is honored by a grunting and growling worshipper.

Jock Quest is hot, hot, hot!

SHOP CLASS WAS NEVER LIKE THIS

Bolton Jones brought us **Motor Shop Skinheads**, **Trucker's Pig Stop** and **Rimming Slaves** and promises even better to hit the market soon.

Motor Shop Skinheads is my favorite of the three if for no other reason because the sex reminds me of one of my friends who stars in it, Otto. The other stars are Dylan and Whore Boy.

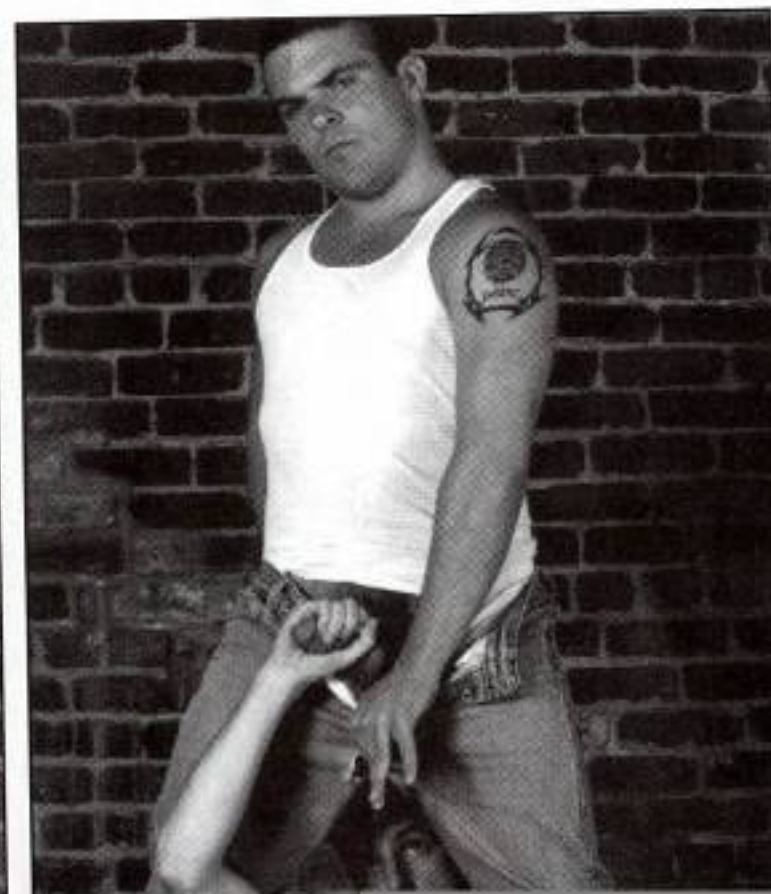

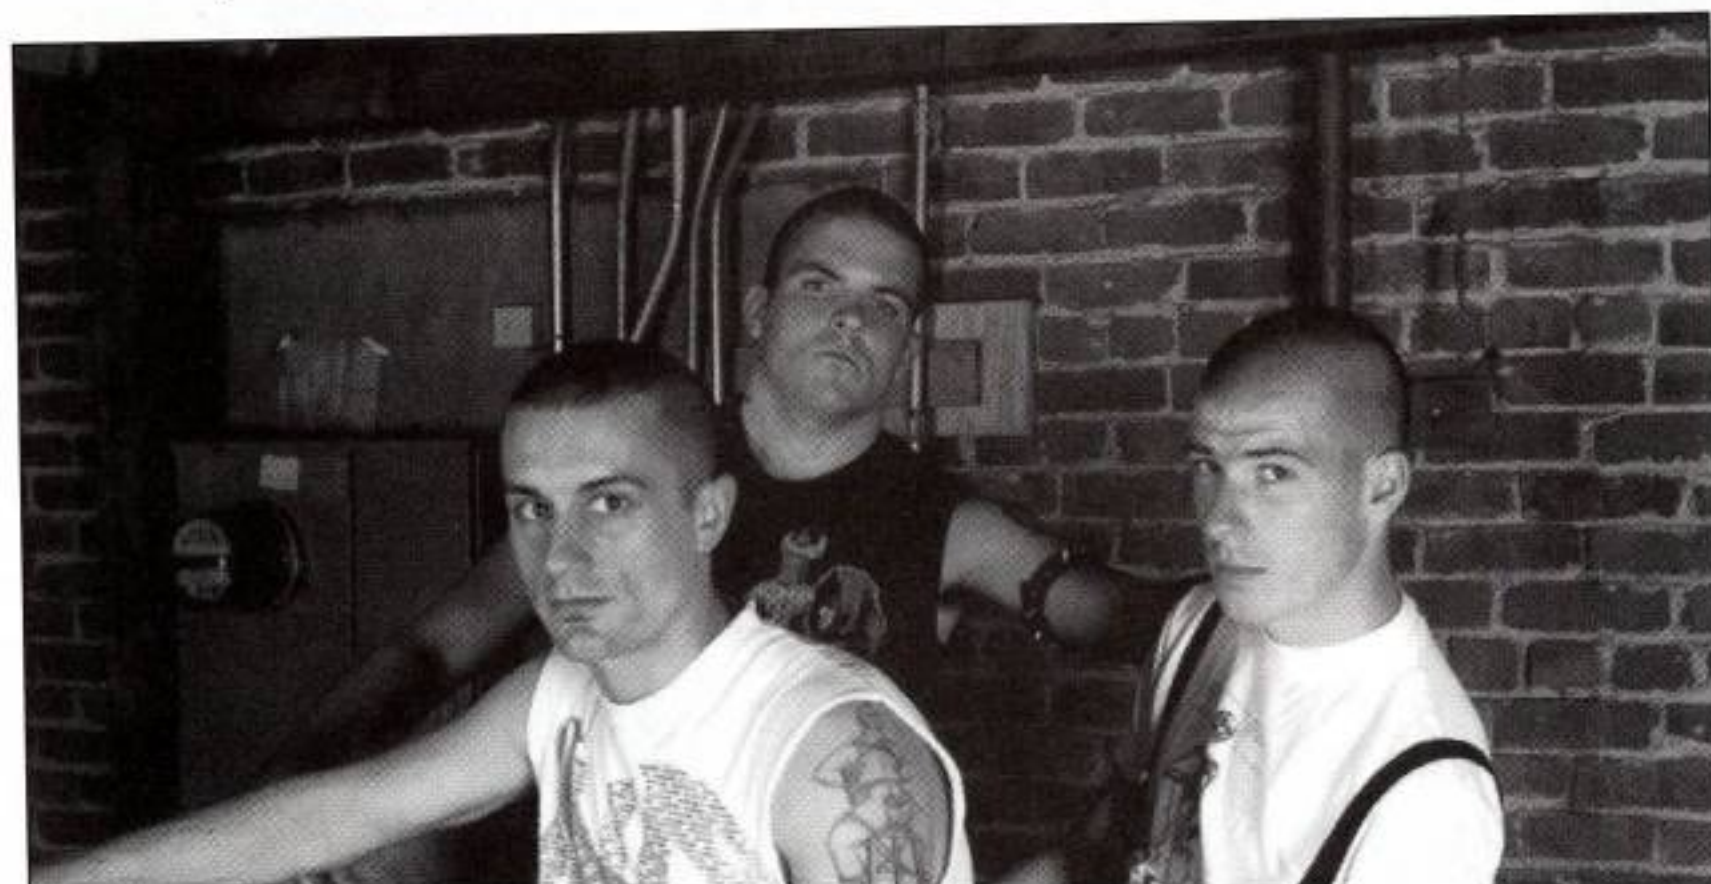

Otto is the curious and somewhat lazy shop sweeper who finds a cache of goodies in one of the bikes. He can't control himself as he explores the electrical cock ring and butt plug. Whore Boy catches him and joins in before the owner of the shop, Dylan, returns to take a mild vengeance. There is plenty to like in this video including motorcycles, a great Prince Albert, tattoos, fun and funky sex and uh, oh yeah, skinheads!

Daddy L Productions in associa-

Rick Bolton knows how to get serviced by Devon Rxxman (l.) and Michael Thayer (r.) in **Trucker's Pig Stop**.

tion with Bolton Jones produced **Trucker's Pig Stop**, starring Rick Bolton, Devon Rxxman and Michael Thayer. Trucker Bolton stops to take a piss and catches Rxxman spying on him. He ends up taking Rxxman's money, asking lots of obvious ques-

tions like "what's this?" as he grabs Rxxman's cock, butt and dildo. But my favorite line is when Bolton tries to shove the dildo in Rxxman's mouth who says "I don't know where that fucking thing's been." Then out of nowhere Thayer is also caught by Bolton, who really is a master of verbal abuse and degradation.

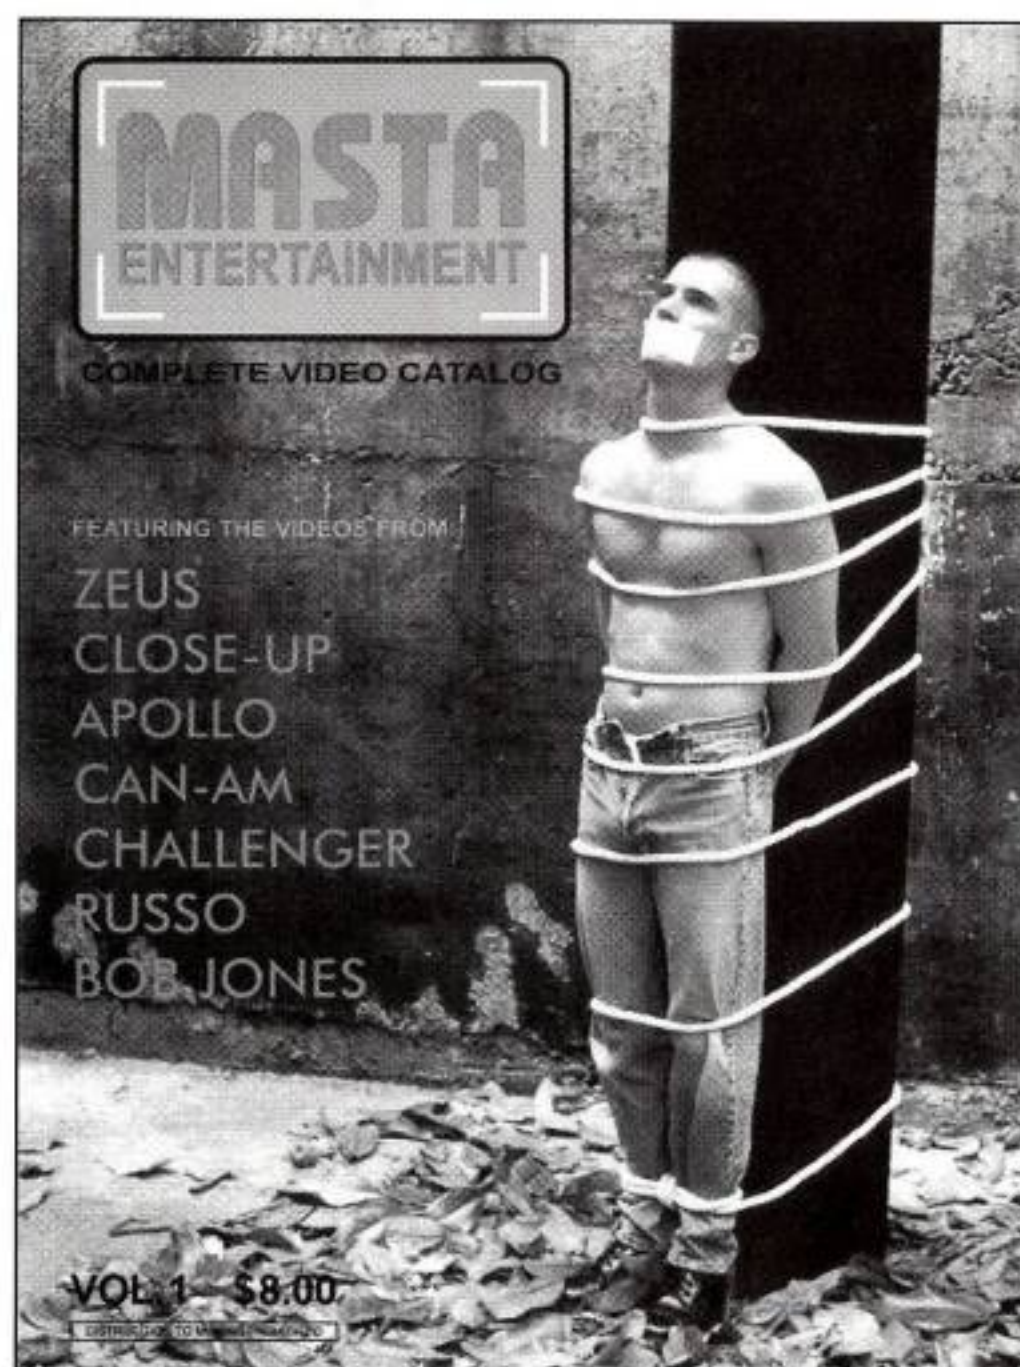

There's not much to say about **Rimming Slaves**, starring Dylan, Michael Thayer and Danger. It's directed by Rick Bolton in a very straightforward manner. Dylan sits on his rim throne, talks dirty, and gets rimmed by Thayer and Danger (one is a bear, one smooth). There is a little bit of bondage, a little bit of sucking and a little bit of fucking, but rimming is king, just like Dylan.

MASTA & SLAVE

There's a new boy on the catalog scene, and when daddy finds out he's gonna get a wuppin'.

My dear friend Kristofer (AKA Steve Landess) could put me out of business with his **Masta Entertainment Complete Video Catalog**. Volume one features the videos of Zeus, Close-Up, Apollo, Can-Am, Challenger, Russo and Bob Jones (Bob has recently gone into business with porn stud Rick Bolton to make Bolton Jones Productions). Volume two, which is already in production, promises titles from other video producers.

The thing that **Masta Entertainment** does that so few have is catalog the entire collection from these producers and tells you who stars in them, what scenes are in the videos and the most memorable moments (I'm quaking in my boots!). ■

THE 15 ASSOCIATION

by Joseph W. Bean

TYPICAL PLAY WHICH
CAN BE EXPERIENCED AT
A 15 PARTY.

The 15 Association, one of the largest and oldest men's SM organizations in the country, will celebrate its 15th anniversary shortly. If only because of the congruence of the name, The 15, and the year, its 15th, the occasion takes on a sense of importance which is reflected in the scale of the weekend-long birthday party planned for February 24-26, 1995. This view of the date as a milestone also encourages me to pose a question: Is The 15 a relevant, contributing participant in the leathersex life of the 1990s and beyond, or is it a conclave of dinosaurs?

A few weeks ago, in the guise of reporting on the leadership struggles within the NAACP, the network news was forcing this question on me, demanding that I think seriously about it. As a member of not only The 15, but also of both of the other big and old SM organizations—The Chicago Hellfire Club and New York's Gay Male SM Activists (GMSMA)—I felt it was urgent to answer personally whether I was perpetuating a museum-culture (being a dinosaur!) or playing a meaningful role in an evolving community. A news anchor setting up a sound bite underscored the parallels between the NAACP question as it was publicly stated and the question I posed to myself: "Can an organization formed to establish and advance the purposes of a community serve that community in a later era when its needs and dreams have changed?"

The question resounded inside me, and so did the response of a young, black man-on-the-street: "I don't even know," he said with a shrug, "what the NAACP is. It's old, it's rich, and it's busy with something, but it isn't doing anything about the problems I have to face every day." I already suspected The 15 was a lot better connected to SM men than that, but I had to *know*.

Besides grilling myself, I had four obvious ways of working on an answer that I could trust. A) I could take a closer look than usual of the 15 itself. B) I could talk to other members of the club, particularly members of longer standing than I. C) I could check in with the younger men and novices I have referred to club parties in the past year or so. D) I could take a look at the club's history and stated purposes, comparing

what I found with what I see in operation now. I decided on E) All of the above.

Checking in with newcomers to The 15: I didn't mention ash-breathed dinosaurs or pose ponderous questions. Instead, I asked "How did it go for you at The 15?" Or, "Did you have a good time at the party?" Or, most probingly, "Do you intend to go to more 15 parties? I mean, do you want to be invited?"

The answers varied in content and reasoning, but all were positive. One man—aged 25 or 26—who was brand new to the scene seemed to see through me to the actual question. "I kind of expected *not* to have a good time, but I was really wrong. I thought 'old club, old men,' you know, but it wasn't old guys jumping on fresh-meat-me. First I just watched for a while, and I got to see some scenes I had never imagined, but I like them! Then a guy I was watching asked if I wanted to taste the (abrasion) scene he was doing. I went for it, and stayed busy all night after that." The newcomer finally added an answer to my original question: "You don't have to think about getting me invited every month. I took care of that with the door-keeper before I left."

Test One, passed with flying colors. On the other hand, the fact that new players have a good time at parties—glad as it makes me—is not the whole thing. If the powers that be are not pleased with the way things are going, or if they have a different direction in mind for the club, or..., or...,

or....

Running it past the powers and comparing present policies with past intention: A discussion had already been scheduled in connection with the upcoming anniversary. Besides myself, the meeting would include [then] current Chairman of The 15 Peter Fiske, Vice-Chairman Michel de la Roche, and Michel's Master, Fred. This would give me a chance to check off two explorations at once. I'd be talking to longer-term members. And, since these members had been in the club just about from the beginning, I could get the historic perspective at the same time.

The history of The 15 as remembered by Peter, Fred, and Michel is fairly simple. David Lewis, recognized as the founder of the club, went to Inferno IX, Chicago Hellfire Club's out of town SM run in 1979. He wondered aloud why nothing of the sort was happening in San Francisco, and Tony DeBlase asked, "Why don't

you do it?"

Back home, David gathered a circle of six or seven friends, and they had a series of meetings. They then interviewed men who wanted to join them in a new group that would be related to and friendly with the existing men's leather community, but separate unto itself as the beginning of a men's SM community. The purpose of The 15 from the beginning had been to provide for members and others safe and

regular opportunities to *do SM*. Today we'd say "opportunities to play," but in 1980 SM was called "work" or "the work." Tops wanted to "work with" bottoms. Men admired each other's "work with others."

Other things have changed as well. The founders had the idea of a close, family-like fraternity—and that hasn't changed—but they conceived it as a fraternity in which only Tops could be voting members. That went by the way quickly as people noticed at least one bottom whose contributions were very significant and, to quote Michel, "who wasn't going to take any shit from anyone"! They established a calendar with

two kinds of parties. There were "Scenes" which were arranged and kept safe by the members, but open to the public ("Admission is five bucks and a six pack"); and there were "Fetish Nights" which were limited to members and invited guests, and took place in the homes of members. Publicly accessible Scenes and exclusive Fetish Nights have, over the years, blended

into regular monthly parties which are open to just about any man who will make the slight effort of calling ahead for an invitation. And, of course, what is meant by *safe* has changed since 1980, too. Knowing nothing of AIDS when the club began, the dungeon masters permitted blood to fly, allowed fisting without gloves, and so forth. Today 15 parties are kept safe within contemporary guidelines, but on the least intrusive basis possible.

From the beginning, then, the parties have been the primary purpose of The 15, along with out of town runs which, although more varied in the past, have been continued with the annual Boot Camp run each summer. But, since the club was also the genesis of the men's SM community, it had to serve other purposes in the early 1980s. A member of The 15 was selected as an official liaison between the SM community and the SF Police Department, a function which seems unlikely to be revived in the 1990s, and is perhaps no longer needed. And, in the absence of any other venue for SM education, The 15 sponsored lectures and classes. Those needs are now being met by any number of other organizations, leaving the club to concentrate its energies on Purpose Number One: safe and fun parties.

That brought me to the final test of

The 15's current effectiveness and future relevance. Since I already knew that newcomers I sent to parties were happy, the question that remained was an easy one: Will they remain so? And, as I see it, the answer depends exclusively on how the club feels about the newcomers and their styles of play. Here's a fragment of the interview which finally answered my questions.

Peter: "I think people are very comfortable switching even during a party nowadays, and you see some of these younger people now who come to our parties who'll switch just from scene to scene without a moment's stopping, and some of the older ones too. There are some that are in their 20s mostly who have no concept of Top or bottom role, they just do whatever moves them at the time. Well, we were very different from that in 1980." Yes, and I have certainly seen Peter Fiske switching in recent years "without a moment's stopping."

Joseph: Were the early parties different from the ones we have now, and how do you see them changing in the future?

Peter: One thing that's different is the way people dress. I'm glad to see guys think they can come to a 15 party in sneakers... or whatever.

Joseph: The 15, for some years, was largely thought of as a whipping group, and people still say that.

Fred: They do, and it is to some extent, but it started out much more diverse than that, the key always being the intensity of it. And it's now going back to the diversity too, I think.

Peter: Yes, the one word that describes a 15 party, and always has, is *intensity*. Intensity of the play, intensity of the joining process, that real intensity of union of purpose where everybody comes and does something very special. That has always been there from the very first scene, and it was still there, as you saw, Joseph, in our last party. I saw some pretty intense scenes, and a fair variety of them. They weren't just whippings. You see piercing, you see bondage, you see torture of one kind or another—electro-torture, clothespins, and more—

you see various kinds of uniforms or other fetishes, a lot of boot licking and body worship scenes...

Michel: I think The 15 sets an atmosphere where people can feel safe and play in whatever way they want to.

Peter: And you always think, or I have for years... You know, are we still on that cutting edge? Do we still have a purpose? Can we still give anything to these younger people who don't know anything about The 15 and couldn't care less, and who are just coming into SM, looking for a safe and fun place to play...

Joseph: Well, at least you can give them that.

Peter: We do, and they are coming. The future of The 15 is in their hands. Our parties will always be made up of men playing the way they want to in the safety provided by the club, and they will always be changing because of that.

Joseph: When I first started coming to 15 parties, we didn't see tribal tattoos or septum piercings, people weren't doing cuttings or playing with fire...

Peter: Now, you see it all...

Fred: And you ain't seen anything yet!

Peter: That's true. We don't know what else is coming up among SM men, but we know The 15 will accept it, be part of it, give it a place to happen safely and with intensity.

Joseph: And all a guy has to do to hook up with The 15 is?

Peter: Call (415) 673-0452. We can talk, and I can see that he's invited to the anniversary or the next 15 party if he wants to be. ■

Both practices, I want to emphasize, are quite risky as well. Cutting, for example, draws blood. Indeed, that's part of its on-the-edge thrill for participants. Some cutting devotees want superficial cuts that will bleed and cause temporary marks, but not leave a permanent scar. Other devotees want the same spots to be cut over and over again, so that eventually they acquire permanent scars, a

process often known as scarification.

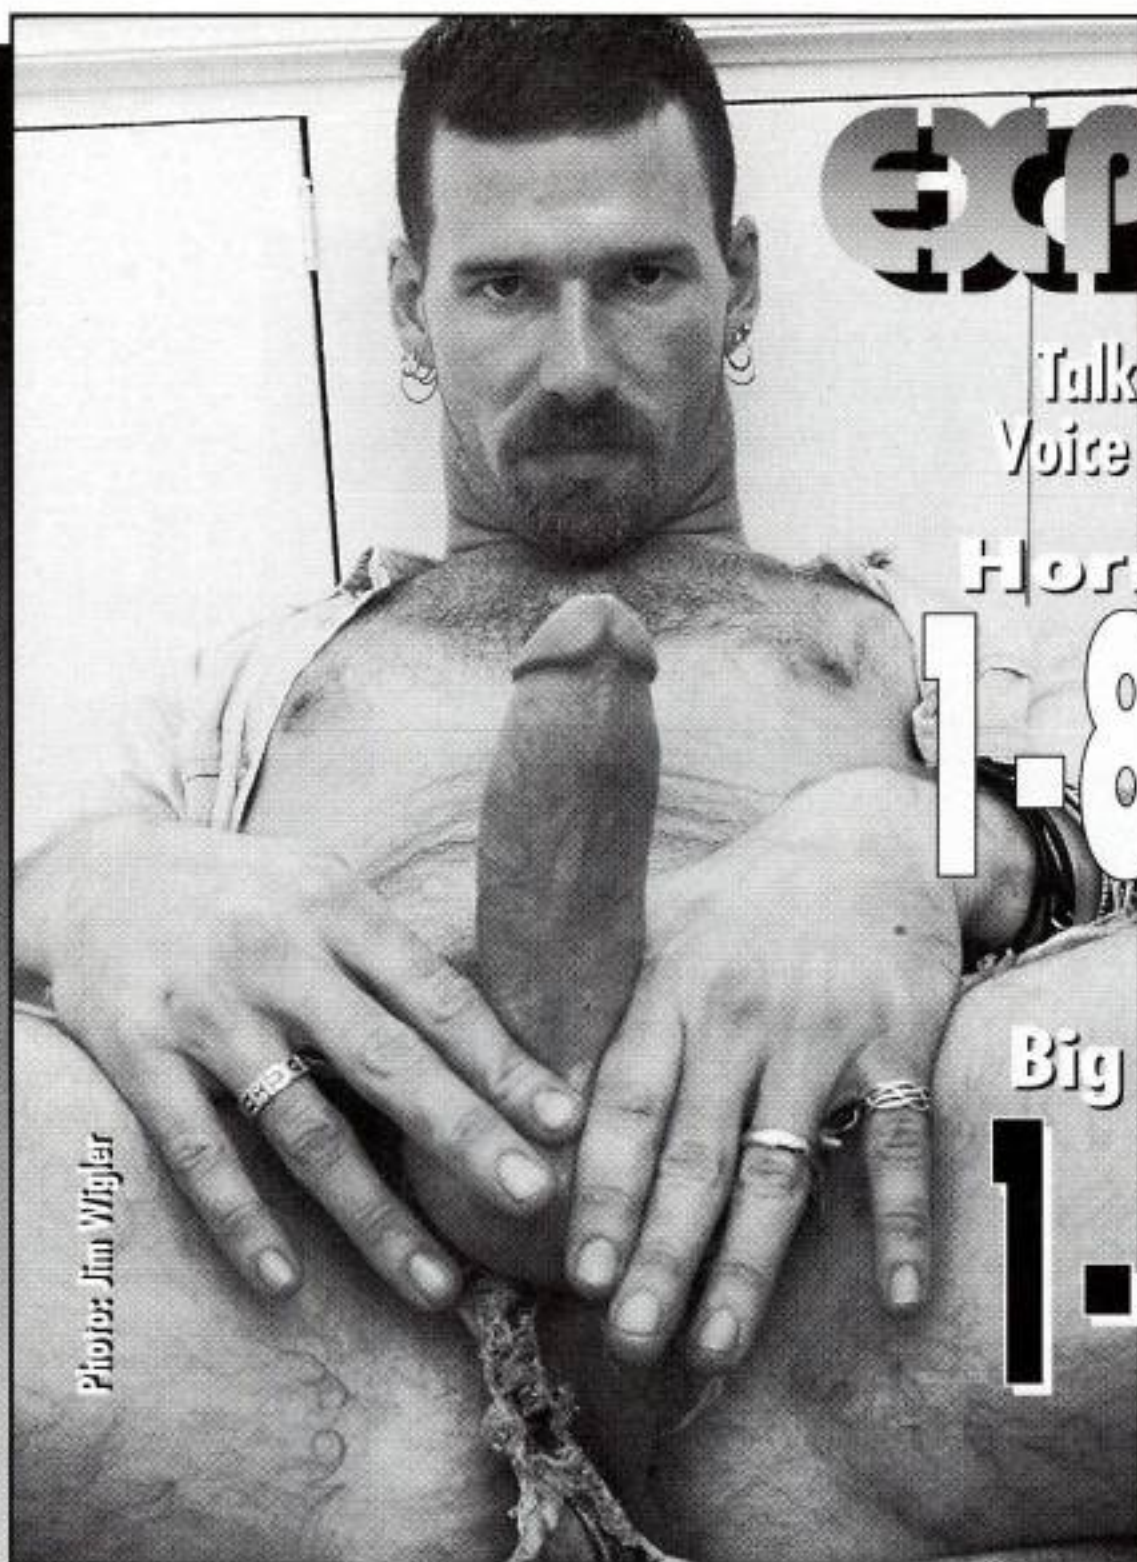

Again, I cannot recommend that you practice these scenes at home because of the difficulty in maintaining sterile conditions, particularly if the cutting is part of a scene.

Looking Out for Yourself. As a gay man, I often think that some men get large numbers of tattoos or piercings, not because they really want that many, but because they are feeling competitive with their peers. "Most of your kinky leather buddies have three or four tattoos," some guys say to themselves, "so I'll get five or six so that I look hotter or more extreme than my friends."

The same competitive spirit often leads men into cutting or branding. These acts are more than a way to express yourself; they become a means to gain a reputation for daring among your friends and in the larger leather community.

If you really want to have lots of tattoos and piercings, go ahead, as long as you see a professional who follows proper procedures. Just realize that some body modifications are relatively permanent. A piercing will close up if you remove the body jewelry. But a tattoo isn't like a pair of chaps that you can put on or peel off, as your mood changes.

Finally, if you decide to pursue on-the-edge sexual scenes like ritual cutting, at the very least follow precautions taken by experienced SM and fetish players. First, Race Bannon advises, never get into extreme scenes with an amateur. That means, don't take somebody's word that they are a pro. Check around among your fellow leather buddies to make sure they are, and make sure that they don't top when they are

HANDS ON

Tommy checked before he settled into the deep, leather seat of the silver Cutlass. It wasn't there. He sighed with relief. Morgan didn't always take it. Sometimes, they just went out for drinks. Sometimes, he took Tommy to the Pit and put him through hell.

The dome light illuminated Morgan's harshly chiseled features and seal-brown hair. Tommy had lived with him for several months, but he never tired of looking at his master's well-defined body and handsome face. Morgan was tall and deceptively slim; Tommy knew well just how strong that taut, muscled body could be.

Morgan was silent as they drove through the dark streets. Though it was early for the leather crowd, several vehicles lined the street outside the Pit. As Morgan stepped out, a hustler emerged from a boarded-up doorway in the dark block of buildings. He flashed his smile and his ass hopefully, but Morgan dismissed him with an arrogant glance. He turned back to Tommy. "Get out." He walked to the back of the car and opened the trunk. "Take it," he ordered.

Tommy cringed as he pulled out a large, black tackle box. Morgan didn't fish. The new toy box was larger and heavier than the old one. Tommy thought of all the things it could hold and started to sweat. He'd seen the ads. His stomach clenched as he remembered some of the more vicious things he'd seen.

Every eye in the bar gaped Tommy. Morgan had dressed him for show. Shiny, red spandex bike shorts hugged his ass like a lover, revealing every curve and indentation of his perfect bubble butt. A white tank top clung to his prominent nipples and accentuated the gold of his skin. Dark blond hair, green eyes, and a puppy-dog expression gave him a vulnerability that even his sharply-planed pecs and large biceps couldn't deny.

Morgan was in a good mood. He bought Tommy a couple of beers while the tops gathered. Tommy stood on display, legs spread wide, facing the bar. Fingers slipped between his cheeks, prodding his hole. You could tell a lot by the way a man used his hands. They moved over Tommy's body, clutching, grasping, greedy or tentative, harsh or gentle. It was going to be very important to know these hands. Every top would have his chance at Tommy's ass. Morgan believed that since a dog knew the hand that fed it, a slave should certainly know the hand of his master. If Tommy guessed wrong, the top got to whip his ass. Make him come and they could fuck him or get blown. Tommy got five lashes at home for responding to someone else. So far, Tommy had never guessed wrong. He knew Morgan would have a much harsher penalty for that mistake.

Tommy couldn't help comparing Morgan with the other tops. Some of the men were so heavily into leather they creaked when they walked. Before Morgan, that was what Tommy had looked for, before he knew that it wasn't just the leather—it was the man. Tonight, his master wore 501's and a black T-shirt. Only his thick belt and logger boots were leather. He didn't have to impress anyone. One hard look from his granite eyes could bring any bottom to his knees and worry the hell out of most tops.

Morgan finished his drink. "Show time, boy." The men grinned, licking their lips as they followed Morgan into the bowels of the Pit. A man in a Nazi-style uniform swaggered up. Morgan blocked his passage with a muscular arm across the entrance. "Private performance," he said firmly.

The man topped Morgan's 6'1" frame and outweighed him by 50 pounds. He objected loudly and profanely. Morgan didn't say a word. He just looked at him with those glacier gray eyes. "Aw, shit," the man said and backed away. "Your party, man."

A stage extended along the room's back wall, complete with spotlights, table, and a sawhorse. Morgan positioned the table so everyone had a good view. "Get up there, boy. Strip."

The men whistled and stomped as Tommy peeled off his shorts, exposing the high, round cheeks of his ass. His seven inch cock bobbed between his legs. His face was as red as the shorts he folded. Morgan grabbed a handful of tit and snapped clamps in place. He caught Tommy's cock in his warm fist. It swelled, filling the strong hand. He slapped the bright ruby head of the circumcised organ. Tommy shuddered in pleasure and pain. His cock snapped back and nudged his belly. "Assume the position."

Tommy hissed as his clamped tits touched the table. He spread his legs, leaving his ass high in the air and his cock and balls swinging under the table. Morgan darkened the room and spotlighted Tommy's ass. A swirl of dark gold hair outlined his deep cleft and spread across the curve of his snowy cheeks. Sweat gleamed on his taut muscles and the tight pink pucker was exposed to everyone's view and touch.

Morgan ignored the chains dangling from the table corners. He didn't believe in restraints—except for training. The master's wish was the only control a well-trained slave needed. He pulled Tommy's head up to buckle a leather hood in place. The scent of leather was so pervasive, Tommy knew he wouldn't be able to detect individual scents. Morgan was making the game harder.

"You know the rules. No fists, no marks, and nothing goes in this ass that doesn't come out of the box. But I don't think you're going to feel deprived." He must have displayed something that met with approval; the tops roared in appreciation. Tommy quivered in dread, but his cock hardened. He trusted Morgan that nothing went too far, but the blind submission terrified him. "Tommy's been doing such a good job, I'm raising the stakes. If he mistakes you for me, you not only get to whip his ass, you get to take him home for the night." Raucous cheers greeted his remarks. "Don't forget, make him come and you get to fuck this nice ass." Morgan's hand cracked on Tommy's ass.

Oh, please no! No damage and safe sex only, Morgan had said, but Tommy knew he would probably be bound and helpless. The tops couldn't expect him to lie there and take it like he did for Morgan.

"Choose your weapons."

Order of play and toy selection was determined by number. Tommy never knew which toy Morgan would use or when. He hated the uncertainty, the sense of total vulnerabil-

ity. But as much as he hated the game, Tommy was proud of his uncanny ability to identify his master by touch. With the hood in place, he couldn't rely on sound or scent. Everything depended on touch.

Large hands yanked Tommy's cheeks apart. A massive dildo speared into him, forcing a groan at the sudden assault. He arched his back as it drove up in one long thrust. Before he could adjust to the painful intrusion, the top jerked it out and spiked him again. He ground his bulging hard-on between Tommy's cheeks, grunting his pleasure. Tommy's body tried to expel the dildo, but each brutal thrust drove it back.

The man fell across Tommy's back, crushing his clamped tits against the table. He screamed. The man never slowed. His crude humping drove the boy back and forth, torturing his tits with each movement and slamming his cock against the table edge. The man froze; Tommy felt the shudders rippling through him as the man came. His gasps reverberated through Tommy's back. Even without the threat of punishment, Tommy felt disloyal responding to anyone else. He tried to fight his arousal, but a cock has no ethics. Suddenly, the man sank his teeth into his neck—biting and worrying the skin like a wild beast as the final spasms shook him. Tommy moaned in frustrated lust when the man ripped the dildo out of his ass.

As brutal as the possession had been, it had excited the boy. The man asked no permission, not a single touch in warning or introduction. He'd moved in and taken what he wanted, just as Morgan would have. A little longer and the man would have earned his reward. He reached between Tommy's legs to check. Yes! Touch me again. Please! But the contact was too brief to produce more than a sticky streamer of pre-cum. Tommy's thoughts were as ragged as his breathing. The top was definitely a possibility, but the weight was wrong, wasn't it?

He was still gasping when powerful thighs straddled his head. Leather-clad fingers swirled across his sweat-slick shoulders, tingled over the ridges of his spine, and spiraled over his cheeks. The lean body spread over him, driving the steel rings and studs of the man's harness into his flesh. He wriggled in heated desire as the coarse stubble of

the man's chin left whisker burns on his ass. Tommy gasped at the sudden delight of a warm, wet tongue caressing him. No top had ever done that!

Like a moist, pink blossom, the tight bud of his anus dilated under a gust of warm breath. The hot tongue left wet snail trails across Tommy's ass. His hungry chute ached to be filled. At the first touch of the toy, he pushed outward, opening himself. His lips swallowed a large ball. More steady pressure, then another larger ball opened him further, and still another. The man worked the triple plug expertly, slow fucking Tommy to an unbearable peak. He couldn't hold back, and he no longer wanted to. Spasms shook his body as he shot blast after blast of steaming cum over the man's hand.

The man swung off and forced Tommy's head up. Something wet brushed his lips. He clamped his teeth together, but the man forced his jaw open. He recognized the taste of his own cum on a latex sheathed dick. He cleaned it happily. He'd worry about his punishment later. After that release, the top deserved his best. He swirled his tongue over the broad head, pushing the latex into the piss slit with delicate dabs of his tongue.

The man wasn't interested in finesse. Clamping his hands to Tommy's head, he impaled his throat and ground his pubic hair against his lips. Tommy flailed, trying desperately to breathe. Bile filled his throat, slicking the passage for the man viciously humping his face. With a howl of ecstasy, the man shot, holding himself deep inside and pumping his fluids into the condom.

The cock pulled out. Tommy coughed and gasped, slumped against the table in exhaustion. Use your head. Would Morgan trick you by borrowing gloves and harness? By being extra gentle or extra rough? Think logically, damn it. Suddenly, he thought of a question he had never considered. Did Morgan want him to win? Were the higher stakes intended to increase interest or to make him so nervous that he would fail? What did Morgan get out of it? Did he want to show how much Tommy was under his control and remind him that the only limits to their games were Morgan's?

Or was it something else? Was he so confident of their bond that he never considered the possibility of failure?

Tommy found the questions disturbing. Even more troubling was his inability to answer the questions—he wasn't even sure he wanted to. The bond existed. It worked; he didn't need to pry into its roots.

The tops didn't give him much time to think. They kept at him, poking him, prodding him, filling him with every kind of toy imaginable: vibrators, anal beads, electric butt plugs, and things he couldn't identify. He was a hole for their pleasure, an object to be used as they chose. He tried to identify the hands, to separate the "maybes" from the "no's," but all he could think of was what's next? He was exhausted, his body sore, his anus raw from the pounding it had received.

The hair prickled on his neck as his body sensed the next man approach. One hand cupped his ass and slid up his spine. His body quivered helplessly in instant response. He forgot his plans to wait, to use reason, and eliminate the impossible. He forgot everything but the warm hand on his skin. One touch and he knew. Without doubt, without question, his body knew.

"Morgan," he whispered.

The sharp crack on his ass made him jump. "Right on target," growled the rich, deep voice. Tommy's breath heaved out in a great sigh. Morgan slapped him again. "It's not over yet."

Again and again, Morgan took him to the peak but refused to let him come, torturing his body with pleasure and pain until Tommy was a quivering, shuddering mass of nerve endings. His hands teased and promised and tormented, controlling the boy with every touch. He cried and begged Morgan to let him come. At the first nudge, Tommy knew Morgan's toy was bigger than anything he had taken, but he willed his body open, pushing against it, inviting the pain.

"More, boy," Morgan said. "Open wider."

Tommy's body went rigid with pain: muscles strained and corded. Sweat poured from his pits as a huge ball slowly forced open his anus. Morgan's hand stroked his back as he continued to push. Tommy had never been opened so far. He tried to focus on his master's touch not on the boulder up his ass. The ball passed its greatest width. His anal lips closed, locking on a thick handle. Tommy was exhausted, but Morgan's touch told

him it wasn't over. He hadn't thought it possible to stay hard with that mass plugging him, but Morgan made it happen. His right hand played across Tommy's body as he slid the giant ball dildo out again. Tommy's sphincter fluttered, gulping at the emptiness. Morgan teased and tormented him, and suddenly he wanted it—wanted that intense fullness inside. He opened his legs wider, pushing against the invader. Morgan gave it to him, filling every inch of him with an ecstasy of pain and pleasure. He cried and shook as his cock exploded, spraying long streamers of cum in every direction. He collapsed against the table, sobbing helplessly. Morgan withdrew the dildo gently. His hand touched the back of Tommy's head briefly, then he was gone.

Tommy laid still like the dead when the last man came up. His body was beyond response despite the man's rough treatment. A beeper sounded and Tommy tensed. He knew Morgan was expecting an important call and would have to leave to take it, but there was no reason to worry. It was almost over. His anus was stretched so far he couldn't tell what the man was using. Then he felt several sharp jabs, and he knew. A large ungreased, untrimmed fist was trying to gain entrance. Tommy panicked! He knew what fingernails could do to his guts. He scrambled off the table. A hand grabbed him. He struck wildly, feeling intense satisfaction when his fist connected.

"Catch the bastard!" Men were yelling and grabbing.

Tommy fought blindly, trying to keep his back to the corner. Someone seized his arm, but he wrenched free. The men were unable to keep a grip on his sweat-slick body. His wild blows seldom landed, but his terror and his long arms kept the men at a distance.

"Tommy!" Morgan bellowed.

The boy froze, drop-

ping his fists, and falling to his knees. He felt the vibration of booted steps approaching and shivered.

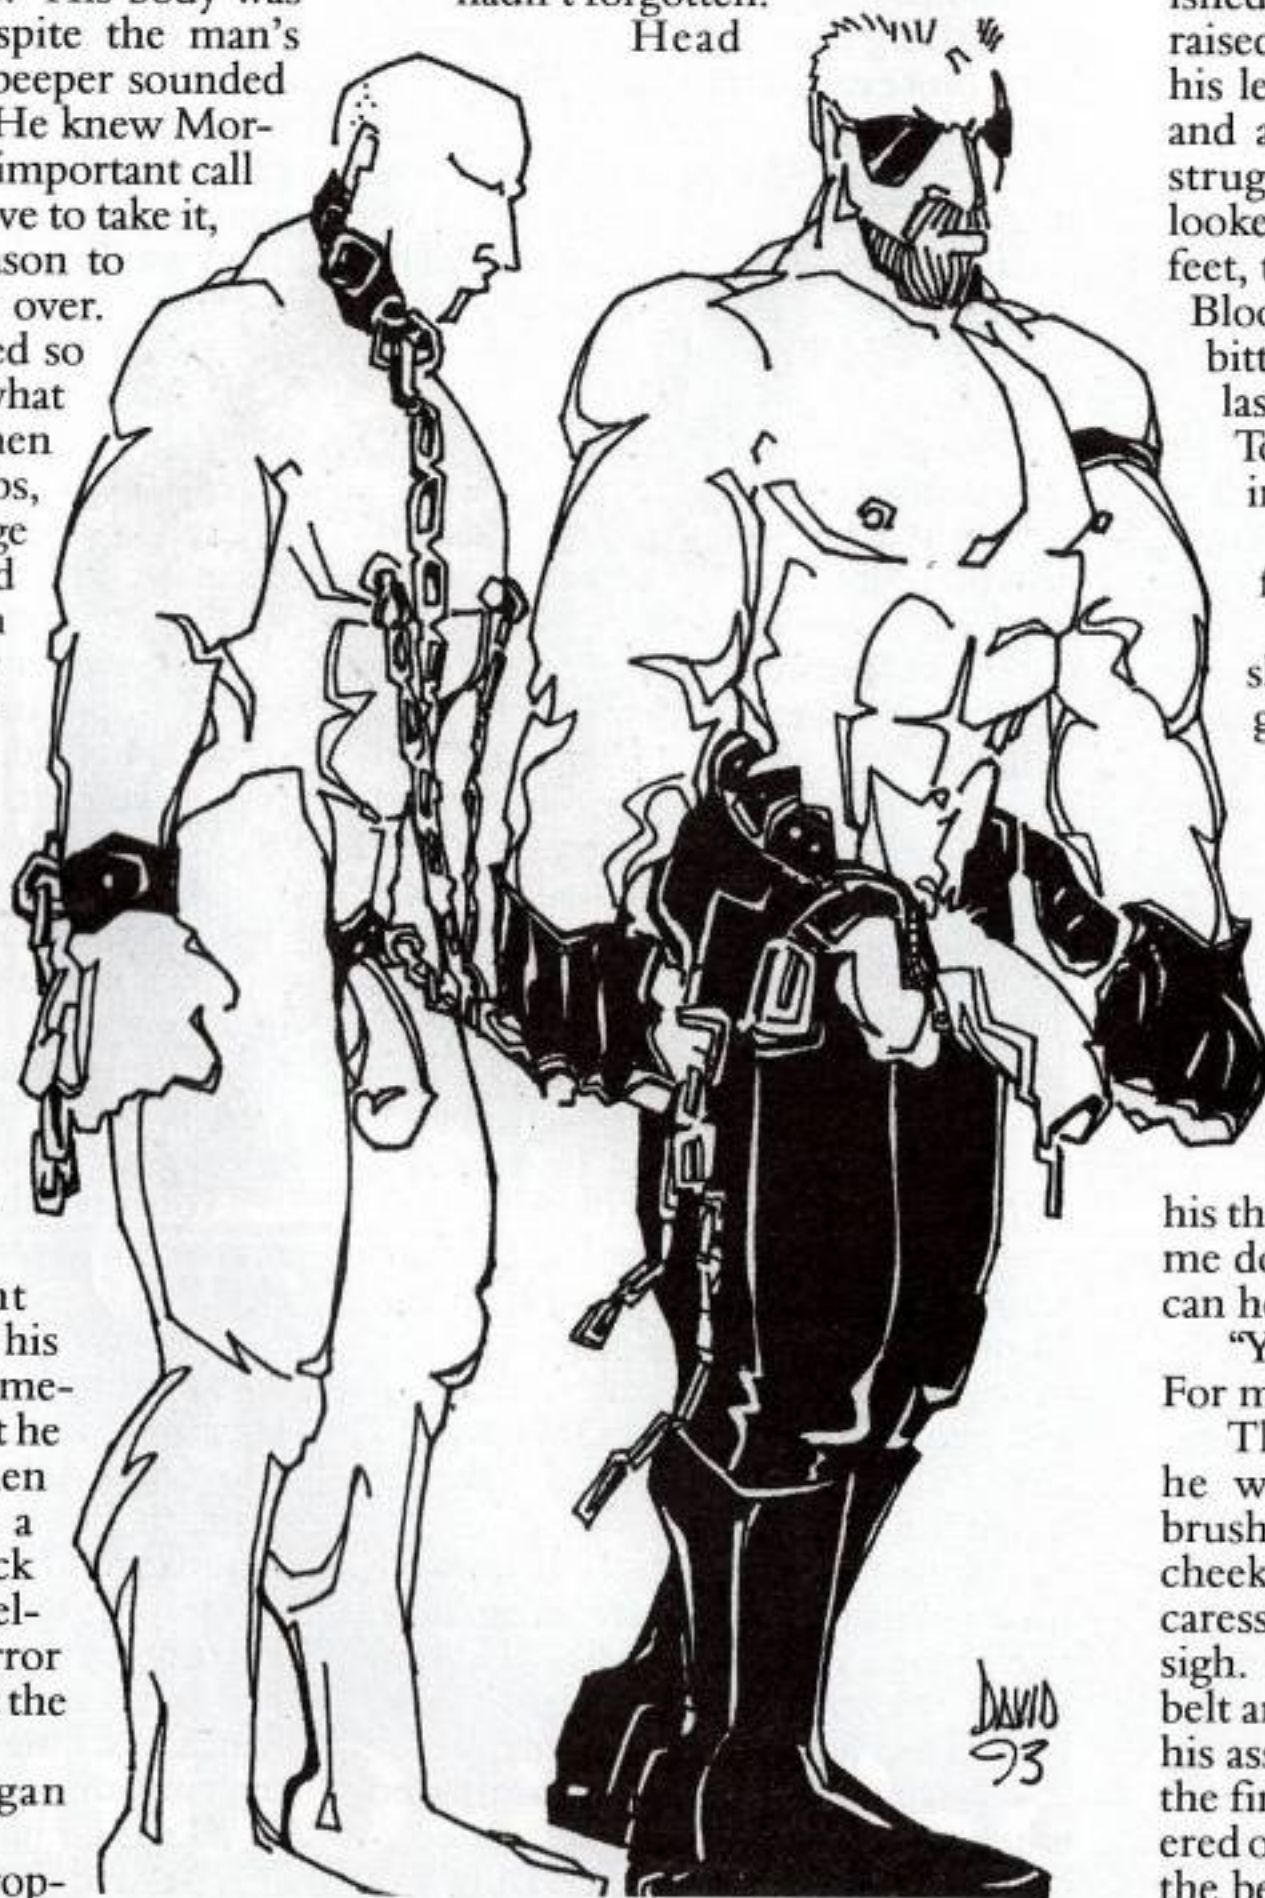

"What the hell is this?" Morgan's voice was low and icy as he tore off the hood. "I leave you alone for a minute and this is how you show obedience?" He turned his back on Tommy. "What happened?" he asked the others.

A big man in camouflage fatigues shrugged. "I don't know. I touched him and the bastard went nuts."

"We tried to hold him," said a top in a studded leather harness, "but he kept swinging. He's got a good punch." Ruefully, he rubbed his bearded chin. "I thought you had him trained."

Tommy glanced down at the knuckles; he hadn't noticed he'd split them open. The panic was fading, but the fear grew. Morgan hadn't been really angry at him for a long time; Tommy hadn't forgotten.

Head

bowed, Tommy stared at his master's boots. Morgan twisted his fingers in his hair and jerked his head up. "You've disappointed me, boy," he said quietly. "I expected better of you."

Abruptly, he released his grip, planted his boot on Tommy's right pec and shoved. The boy sprawled backwards. He lay still, fighting tears and the urge to whimper. The words hurt more than the rough treatment. He'd let his master down. The man was Morgan's friend; maybe even had his consent. It could have just been a test—if so, he'd failed, miserably.

He dragged himself to his knees, but Morgan's boot knocked him flat again. The heavy tread ground into his skin, crushing his clamped nipple. Agony shot through his chest. Instinctively, he sought to remove the source of pain. His fingers touched the polished leather and reason returned. He raised his arms over his head and parted his legs. Muscles corded in his neck and arms as he fought the desire to struggle. For a moment, Morgan looked down at the boy splayed at his feet, totally exposed and nonresistant. Blood flowed from the lip he had bitten to keep from screaming. At last, Morgan released the pressure. Tommy struggled to his knees, facing his master.

"Well? What have you to say for yourself?"

Tommy hung his head in shame. What could he say? Morgan hated excuses. "Nothing, Sir. I'm sorry."

"You know what comes next, boy." Morgan's voice was low and quiet. He didn't need to shout to make Tommy tremble.

"Yes, Sir." Tommy tried to keep his voice steady. He spread himself across the table, grabbing the legs and opening his thighs as wide as he could. "Sir, tie me down. Please, Sir. I don't think I can hold still."

"Yes, you can, boy. And you will. For me."

The tears started again. "Yes, Sir," he whispered. Roughly, Morgan brushed his knuckles across Tommy's cheek. He trembled at the unexpected caress. His breath eased out in a soft sigh. He heard Morgan unbuckle his belt and drag it free. He couldn't stop his ass from quivering. He tensed for the first blow. Morgan's shadow towered over him. His master's arm lifted; the belt dangled in a heavy loop from

AT THE FIRST NUDGE, TOMMY KNEW MORGAN'S TOY WAS BIGGER THAN ANYTHING HE HAD TAKEN...

his fist. Tommy shut his eyes. He didn't need to watch. He was not going to move. He was not going to scream. He was going to take it. However bad it got, he was not going to shame his master again.

The swoop of leather cut the air. Fire danced across his ass. Morgan struck swiftly, giving Tommy no chance to adjust to the pain, beating him harder than he ever had. Tommy bit back his screams, but he couldn't stop the moans that tore through his chest. His hands whitened on the table legs as he struggled to stay in place. Heat burned through him. Each stripe cut across a previous one and reawakened the torment. His erect cock scraped across the table with each movement of his tortured ass. His anus puckered open in frustrated longing.

The blows stopped. Morgan eased his cheeks apart. Long, warm fingers moved across his anus, slowly opening him. His muscles tried to clamp on the fingers, but they slipped away and left him empty and aching with need. The belt hit the floor and he heard Morgan's boots walk away.

"Please, no. Don't leave me!" he silently screamed. Tommy wanted to run after Morgan, to clasp his knees and beg forgiveness. Maybe he went to get something different. Come back. Please. Tommy wanted his master back beside him, no matter what he brought with him.

"What the fuck is this?" Morgan shouted.

Tommy jumped, twisting his neck to see behind him.

"Looks like blood," the man said indifferently.

"What the hell did you try to do to my boy?" Morgan didn't wait for his answer. "Tommy, get over here."

Tommy raised his aching body from the table, wincing with pain but trying to hurry. Morgan's fist clenched the man's shirt. "What did he do, boy?"

"He tried to fist me."

Morgan grabbed the man's wrist and held it up for everyone to see the ragged, dirty nails.

"So maybe I scratched him a little. What of it? He's just a god-damned slave. He doesn't have the right to say no."

"He's my slave," Morgan said coldly, "and he does have the right. He's a slave only because he chooses to say yes." Morgan drove his fist into the

man's gut. "Nobody breaks my rules."

He slung the man over the table, securing him with the restraints he hadn't used on Tommy. He jerked the man's pants down, then ripped open the back of his shirt.

"You can't do this," the man hollered.

"Anyone want to stop me?" Morgan scanned the room.

"The bastard's got it coming. He could have ripped the kid wide open with those nails." One top slid the bolt on the door. Another shoved a gag in the man's mouth.

"Your choice, Tommy. He owes you." Morgan glanced at the flabby ass. "It's not very appealing, but it's yours if you want it."

Tommy shuddered at the thought of touching that big, white, quivering butt. Not even for revenge. He picked up the belt.

"Go ahead," Morgan said. "He deserves it."

Tommy shook his head and held out the belt. "You were just getting warmed up, Sir. I'd like to see you work."

Morgan smiled as he took the belt. "My pleasure."

Over and over, the belt slashed down. The man's screams were muffled, but still audible. The table rocked as he threw his body from side to side. Morgan never missed. The man was powerless, spread open and shackled securely. Morgan felt no need for restraint. He was angry. For the first time, he lost control, striking with all his strength. From neck to ankles, he marked the man with bloody welts. His eyes blazed with rage and lust.

Tommy began to be afraid. It was too much. Not even this man deserved so much punishment. Tommy did something he had never done before.

"Please, Sir. No more." He caught Morgan's upraised arm. "Morgan, no. Enough." For a second, Tommy thought he would strike him. He let go and gently laid his hand on Morgan's face. "Please," he said softly. "Take me home, Sir."

Morgan blinked, and his eyes were his own again. He looked at the man he had abused and turned pale. "Let him loose," he told the other tops. "Take him to the hospital if he wants."

"Bastard!" the man whimpered when they removed the gag.

"Press charges if you like. But don't

ever come here again."

Morgan sat staring at his hands as if he couldn't believe what they had done. The other silent tops got the man dressed and led him away.

"He's going to be damned sore, but it's not as bad as it looks," said a man in heavy leather. "Don't worry. He doesn't need a doctor and I don't think he'll want to tell anyone. Hell, the guy even had a boner. Maybe he's really a bottom. You might have done him a favor," the man said with a grin.

Morgan nodded his thanks. The tops left while Tommy finished dressing. He knelt at Morgan's side and laid his head in his lap, pressing his lips against the soft bulge in his jeans. He took a deep, ecstatic breath; the sharp scent of Morgan's sweat and crotch-funk filled his nostrils. Morgan dropped a hand to Tommy's head and gently stroked it. "I could have really hurt him. A top who loses control is dangerous. What if it had been you?" His hand was faintly shaking.

"No," Tommy said firmly. He knelt up, reading the worry on Morgan's face. He caught his hand and kissed. "You've never lost control with me. Anything you need to do to me, I can take. You know that, Sir. Maybe, it's why you can stop."

"You're not afraid of me?"

Tommy smiled. "Afraid, yes, but I won't stop trusting you." Suddenly shy, he blushed. "You haven't claimed your prizes yet, Sir."

Morgan's hand slid down and gently cupped his ass. "Boy, I don't think this ass could take anymore tonight."

"Yes, it could, Sir, if you wanted it to."

Morgan smiled down at Tommy's earnest face. "Later. What I want to know is why you didn't tell me."

Tommy shrugged. "I thought maybe it was a test, that he had permission."

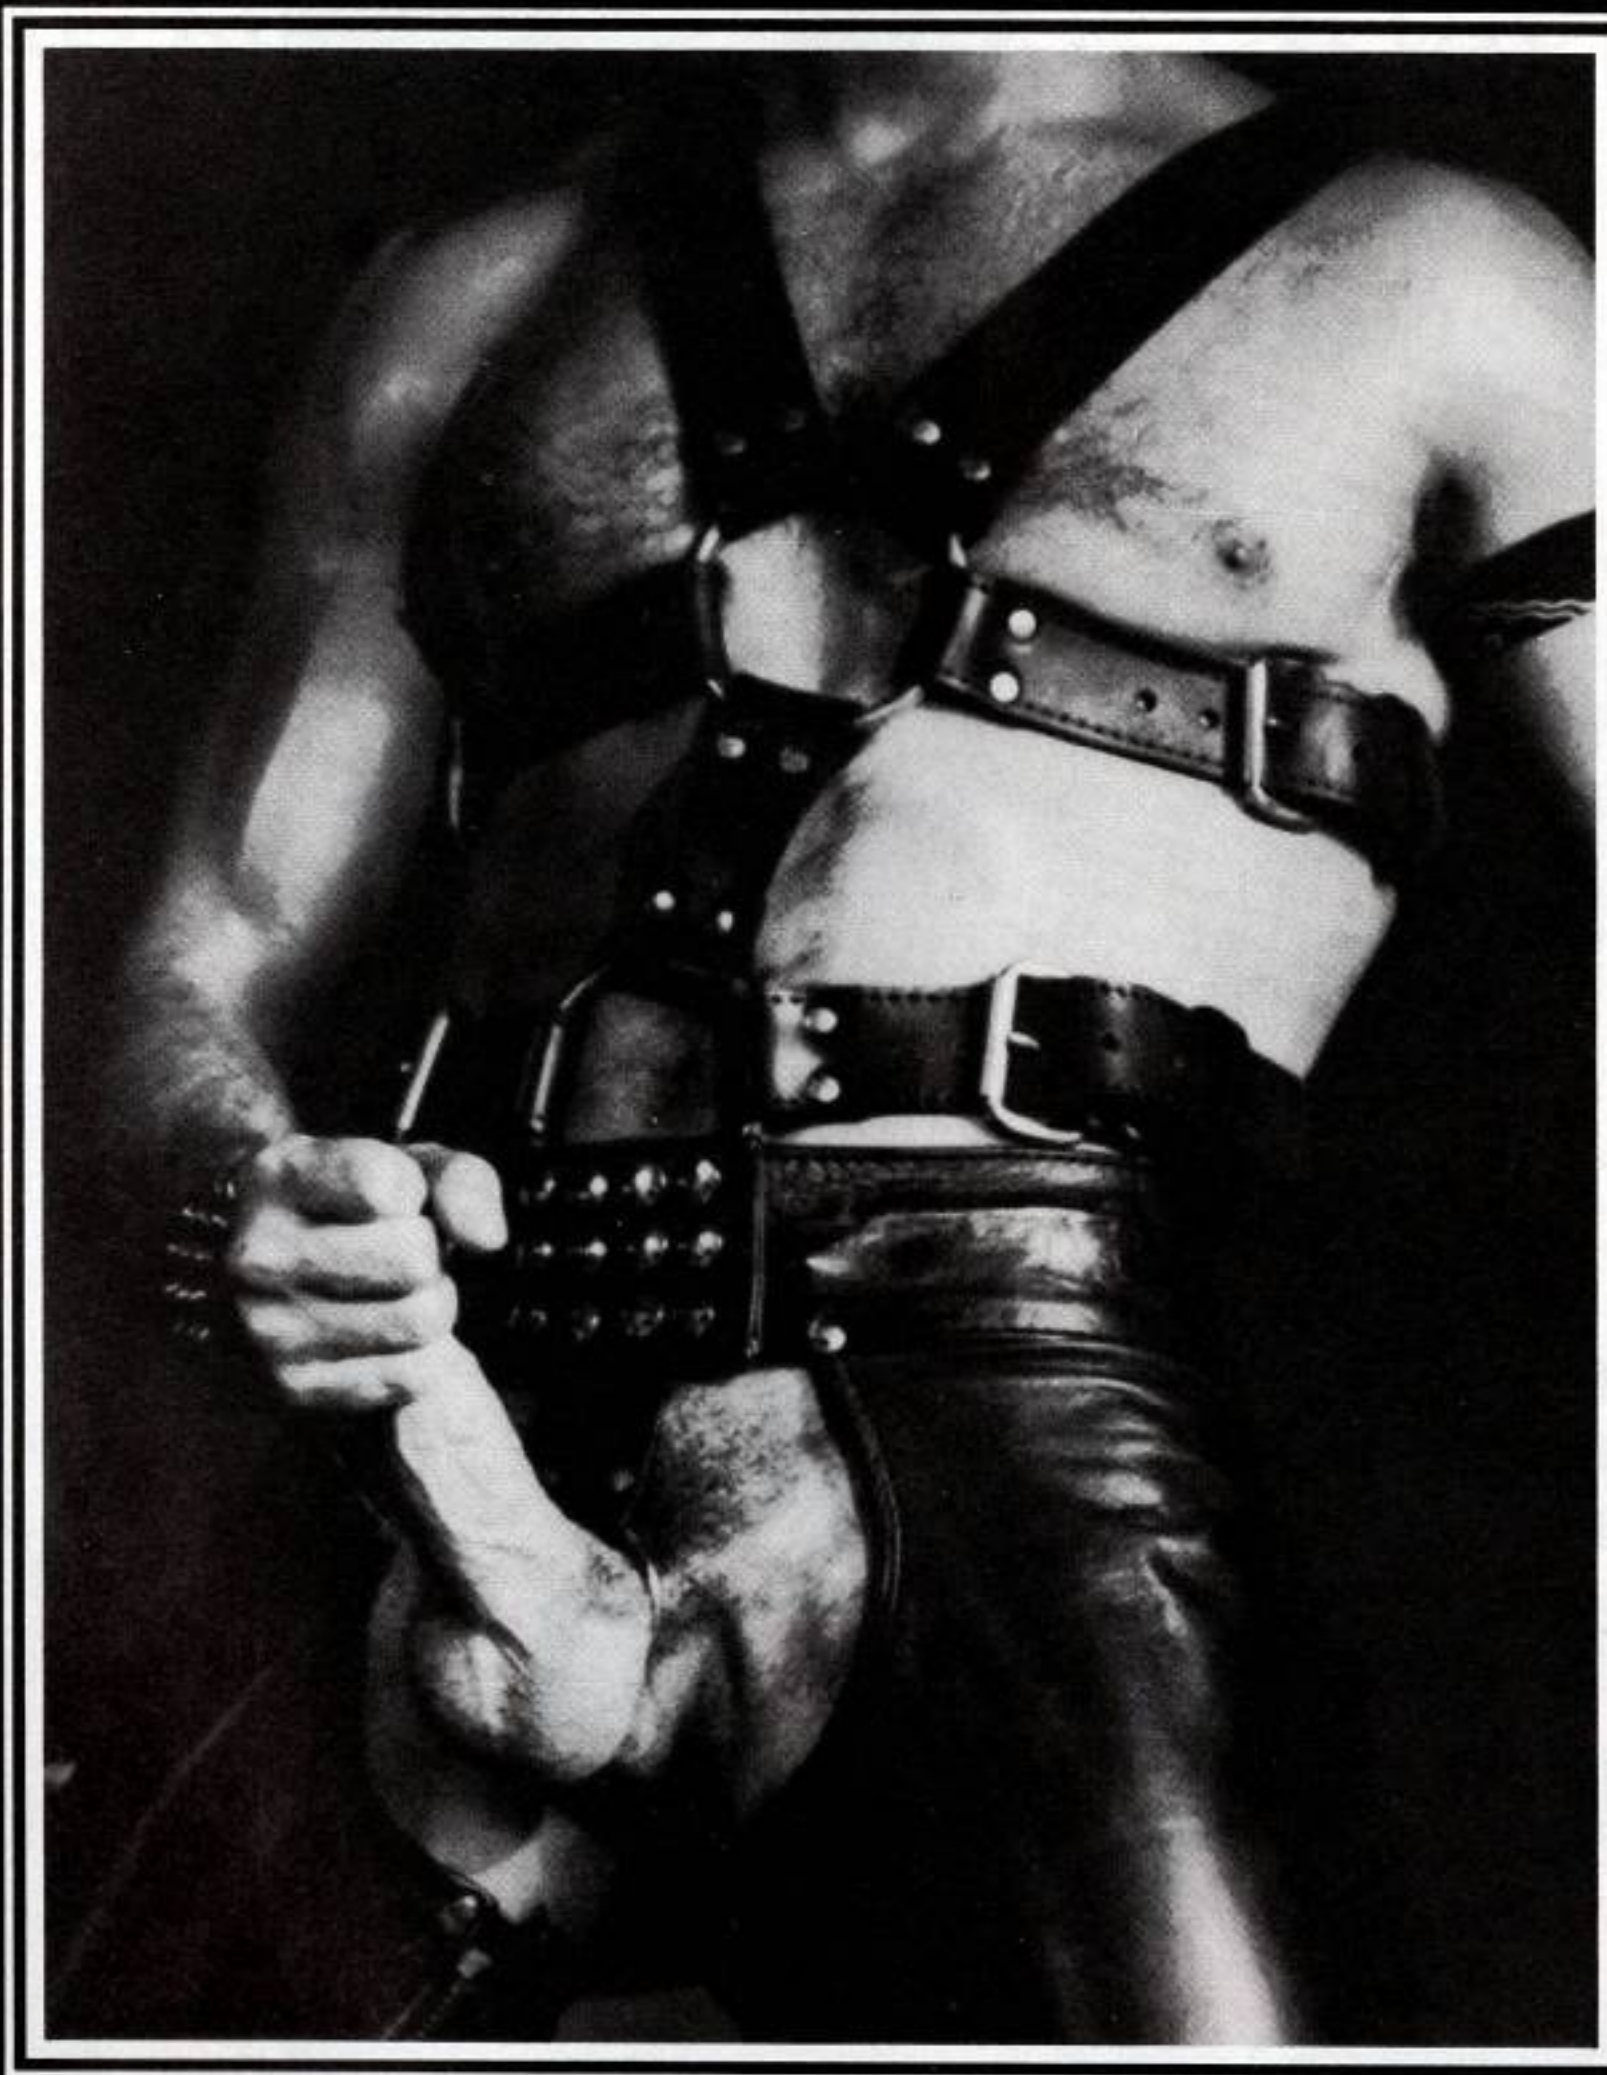

"Never!" Morgan said fiercely. "I don't want you ripped. I love this ass." He pulled Tommy into his arms. "And I love the man it's attached to." He bent his head and covered Tommy's mouth with his.

Tommy forgot the pain and the fear. He forgot everything except Morgan's lips on his and the feel of his powerful hands touching him, holding him, taking control.

"Let's go home, boy."

"Yes, Sir!" ■

MEN FOR

SAIL

Oh God! Can we get out of this disaster? Slipping and sliding, trying to keep my footing on the slick deck was difficult enough. But doing it naked in a tropical storm was scary.

I was valiantly struggling to keep my wits and strength about me and trying to protect my cock, balls and ass was very distracting. One wrong turn and I could lose a valuable asset! I untied one of the sheets from its cleat, dropping the mainsail. Moments later, the jib was also down.

I should never have let Vick talk me into some kind of kinky sex-game when the sky was looking so ugly.

Vick! Where the fuck is he? Just a second ago he was at the wheel, steering us into the wind and the giant swells. Now he's nowhere to be seen, leaving the 35 footer to drift and bob around like a cork in a busy swimming pool. Inching my way along the handrail, I was able to get myself to the cockpit. I could see Vick's hulking, hairy body hunched over his bunk. He was digging through one of the hatches. Flying out over his head came lifevests and a couple of bright orange rain ponchos. Vick was drenched to the bone. His shoulder-length, salt-and-pepper mane was dripping and stuck in his face. He looked like a wild man. "God damn, son-of-a-bitch! Steve, grab a vest and put the fucker on!" he bellowed above the growing roar of the wind ripping into the boat and into us.

Funny. In the midst of this dangerous situation, I caught myself admiring this hot stud of a sailor. Perfectly shaped body and a dick of giant proportions. His thick tool, still unspent, was slapping back and forth from the effects of the swells against the hull. Our lives were in danger, and I wanted to finish satisfying that monster cock of Vick's! Go figure.

Pulling the preserver and rain poncho over my shivering body, I had a moment to think. Less than two hours ago, we were lazily gliding through the turquoise water, feeling the effects of the sun's rays on our near naked bodies. We had been sipping on a concoction of rum and lime juice. Vick calls them "shark bites."

I could tell the four Vick had already consumed were having the desired effect. Leaning back, he propped one large foot right into my crotch and started to shove against my unprotected nuts and eight-inch dick shaft.

"Hey, ass wipe! What are you trying to do? Castrate me?" I snapped. Grabbing his big toe, I bent it back hard enough to make him pull back with a growl.

"So, you want to play, eh, little boy?"

My response was a sharp glare. After all my iron pumping at the gym and hard work on several sailboats, I would hardly consider myself little.

Vick stood, took hold of the front of my thread-bare cutoffs, and gave them a hefty yank. RRRRIIIIPPPPPPPPP!!!! The flimsy material easily separated from my stocky build. With a big shit-eating grin, he held up the rags, "You look mighty good to eat, laying there naked and all," Vick said.

"Come on, Vick, don't be an asshole. The weather band said that there could be a squall coming through later today. Maybe we should swing east and anchor at Virgin Gorda."

"The only swinging I want is to see that humpy body of yours swing between the rigging." His cock was beginning to jerk with anticipation. I could see the large purple head poke out the leg of his shorts.

I did not intend to become his willing victim. Well, not right away. Vick grabbed one of the extra sheets that was coiled next to the wheel, took hold of my wrists and with some difficulty, bound them together. At 180 pounds, I'm no light weight when it comes to wrestling with another guy. My boxing experience has kept me out of serious trouble in the past. But right now, Vick was determined to take advantage of my very vulnerable state of undress.

"Here we are," he panted as we got up to the main mast. Yanking my arms up, he tethered my wrists to the hook which normally holds the bo'sun chair. Once I was securely tied, Vick cranked the handle, raising the hook and my fully-exposed body until my feet just touched the deck on tip-toe.

Vick bent over to remove his shorts, so I swung forward and kicked him as hard as I could in the ass and sent him rolling across the deck. His ankles became all tangled up in the skimpy material. I couldn't help but laugh out loud.

"You little fucker!" he bellowed. "Now you really deserve punishment for bad behavior." Maybe I should have thought before kicking.

Having removed his shorts, Vick went to the rail, untied one of the large, rubber bumpers used for docking and brought it back to where I was struggling in my bondage. The damn thing was as big as one of my thighs.

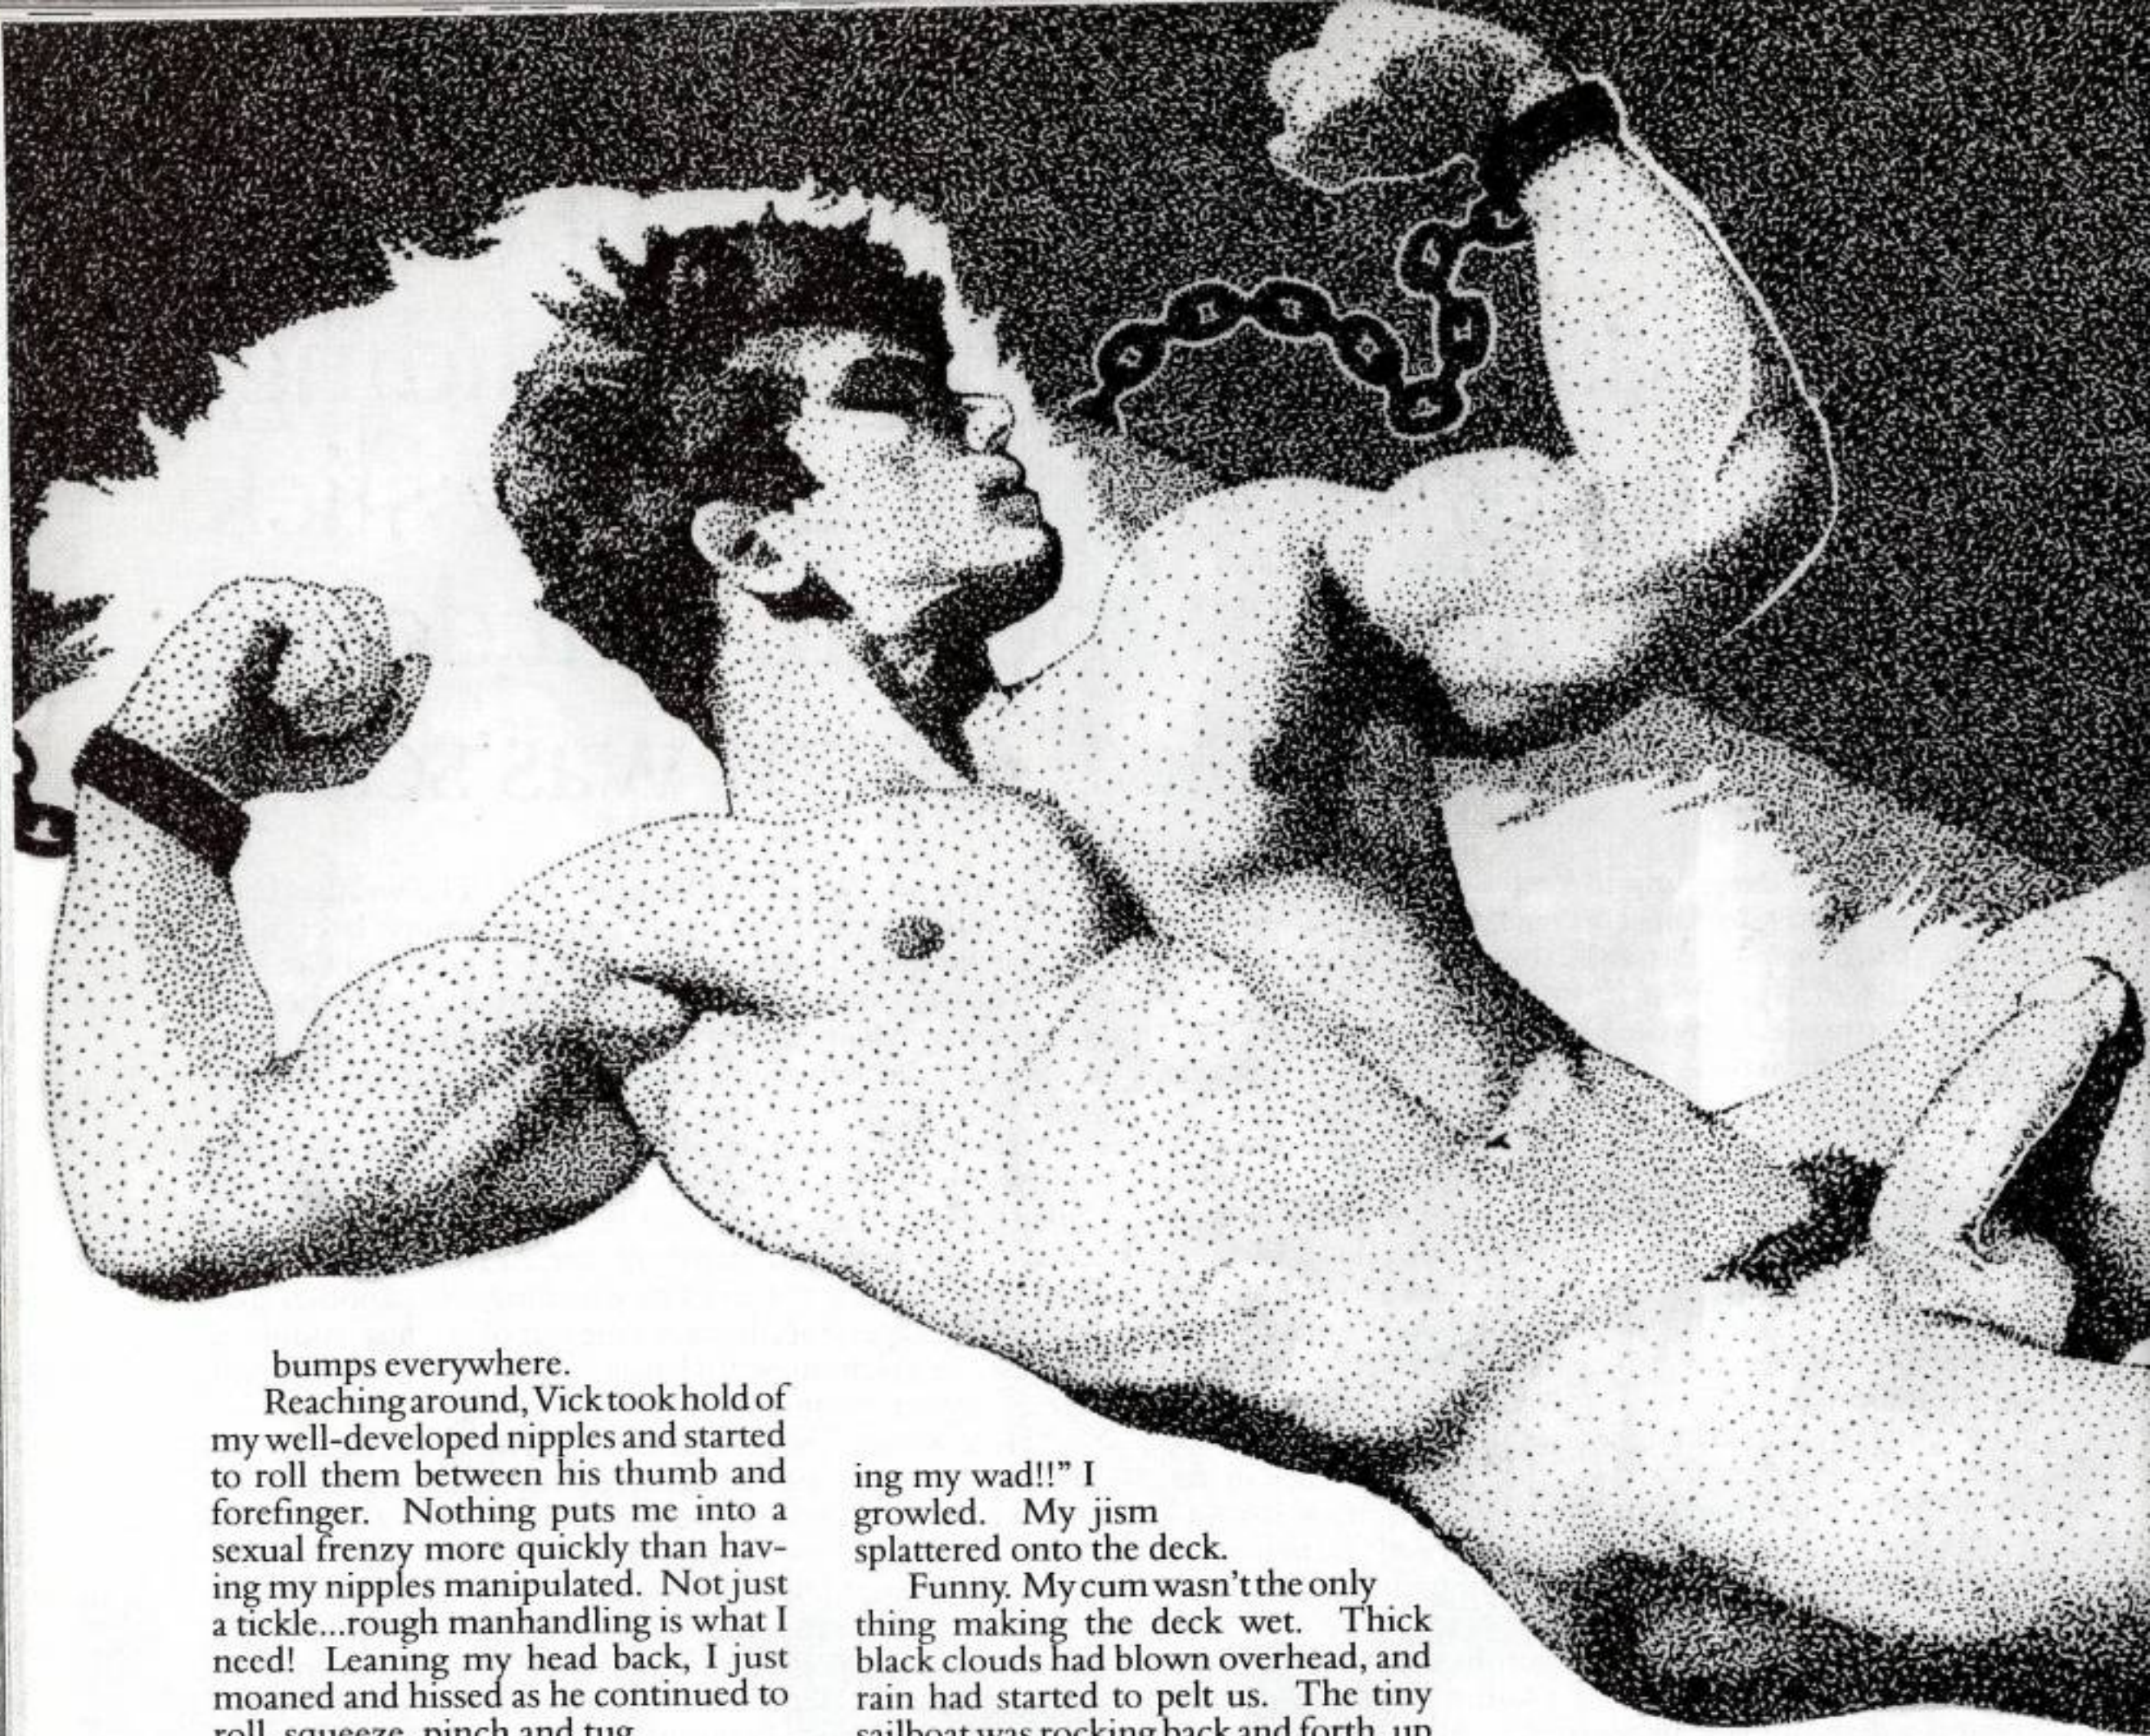

Waving it under my nose, Vick threatened, "By the time I'm finished with you, this little puppy will be stuffed up your sorry butthole. But first, I'm not about to let you get another shot at my ass with your feet," he snarled.

Vick retrieved a couple of bungee cords from the cockpit, tied one to each ankle, then stretched my legs wide apart, hooking them to the support wires stabilizing the mast. My whole body strained from the bondage and my cock strained from the pure eroticism of the moment. My piss slit dripped gobs of pre-cum.

Smack! Vick reared back and swung the bumper against my chest. The damn thing really stung.

Smack...wap...thud... Vick just kept up the beating as if there was no tomorrow. All the while, his own throbbing penis waved back and forth as he jumped around like a madman.

With my legs being stretched way out to the side, my body pulled away from the main mast. Vick stepped in behind me. I could feel his hot breath on my neck which gave me goose

bumps everywhere.

Reaching around, Vick took hold of my well-developed nipples and started to roll them between his thumb and forefinger. Nothing puts me into a sexual frenzy more quickly than having my nipples manipulated. Not just a tickle...rough manhandling is what I need! Leaning my head back, I just moaned and hissed as he continued to roll, squeeze, pinch and tug.

My prick was still leaking a lot of pre-cum. Vick reached down with one hand and lathered his palm with my clear juice. Around back, he used the viscous ooze to lube up my buttocks and his thick throbbler.

"Time for my daily assfuck, boy," he hissed into my ear. Then he slammed his entire 10 inches up in my hungry hole. My feet were entirely off the deck. I flailed around, impaled on Vick's horny cock. In moments, I was riding along, enjoying the fuck of my life. I could feel his thick cock head tenderizing the inside of my guts as he slammed into my ass. He alternated between viciously twisting my tits and tugging on my sensitive balls.

Without even stroking my dick, I was quickly reaching a point of no return. Flattening out his hand, Vick soundly slapped the top of my throbbing shaft which sent the necessary electrical shocks into my nutsack, starting the volcanic eruption of cum.

"Oh yeah, you fucker! I'm shoot-

ing my wad!!" I growled. My jism splattered onto the deck.

Funny. My cum wasn't the only thing making the deck wet. Thick black clouds had blown overhead, and rain had started to pelt us. The tiny sailboat was rocking back and forth, up and down. My God! We had fucked ourselves right into the middle of a nasty storm!

Unceremoniously, Vick yanked out of my butt and quickly untied me from the rigging. He then scrambled towards the cockpit, leaving me to handle the sails.

CRACK!!! Thunder brought me back from my self-indulgent reminiscing. So much for the luxury of being able to think. We had to take action to protect ourselves.

Looking through the spray and low-lying clouds, we could see land. If we didn't get control soon, our boat would run up on the rocks and sink.

"I can't get the engine started!" yelled Vick. "Must be flooded!"

We were nearer land and could hear the crash of the waves on the rocks above the roar of the wind.

"Doesn't look like steering the rudder is helping!" I yelled. "If we keep moving in the same direction, we'll be on the rocks in no time!"

BAM! CRUNCH!!! We hit the rocks and started to break up. The next thing I realized, we were in the water being churned around in the salty brine. I struggled to keep my head above water but choked on the sea coming through my mouth and nose. My head whipped around, looking for any sign of Vick. Then...black and silence.

I awoke with a splitting headache. With a groan, I tried to lean up on my elbows and found I could not move. My arms and legs seemed to be tied down to whatever I was laying on. "What the fuck is happening?" I croaked out from my very sore jaw. Turning my head to the side and looking up, I got quite an eyeful.

There was Vick, spread-eagle, belly-down on a large wooden table. His ankles and wrists were tied to each of the four legs and a thick rope extended around the small of his back to the underside of the table. He was totally naked. In addition, his cock and balls

were bound and stretched to a metal ring in the floor with some kind of rubber tubing. He was awake and mumbling through a cloth gag. His bondage had to be tight because he squirmed and struggled but couldn't release himself.

Looking back at my bound body, I saw that I too had rubber tubing tightly wrapped around my hefty cock and balls. The tubing was tied off at the foot of the metal bed frame. I had pulled quite a boner which made my cockhead shiny and very purple. The reason my tits felt sore was because wooden clothespins were clamped on each nipple and firmly held in place by tightly wound-up rubber bands.

"Vick, what is going on?"

"Mmmmpphhh!!"

"Sorry Vick." I told myself, "Steve, you're such a jerk!" Then said, "Hey Vick. I'll work off these ropes and get us out of here. Wherever 'here' is."

For the next 15 minutes or so I struggled to loosen my bonds but finally stopped out of exhaustion. Laying there listening to a light rain hitting the roof, I kept wondering how we got here and who was doing this to us.

Admittedly, my bondage was keeping me somewhat in an aroused state. My penis was drooling pre-cum which pooled down around my clipped-back pubic hairs.

Gazing back at Vick, I saw that he too was not immune to the pressure the tubing put on his unsatisfied prick. His extra-large balls hung down, swinging back and forth from his continuous struggling. The obvious boner extended forward under the table top, his cockhead scraping the rough wood underneath. In fact, it looked like Vick was actually humping his horny dick against the rough surface. That asshole. Even in this situation, he craved sexual stimulation! Of course, I should talk. My own stiff cock was throbbing and spitting out a load of my juice.

All at once, the door to the rustic shack opened with a bang and in walked two of the biggest, hottest-looking men I'd seen in a while. Each was over six feet, dark skinned from island living. Their massively toned bodies, covered only by a couple of worn out jockstraps, were smooth except for the light dusting of curly black fur on their legs

and some hair poking out from their over-filled pouches. The most amazing thing was that they looked exactly alike. Twins!

Shaking off the rain, they began speaking to each other in French. I felt it was time to get their attention. "Hey, you guys. We almost drowned from a sinking boat and somehow, I don't think this is going to help us recover," I said.

No answer. "Do you hear me? Say something."

"Time for my daily assfuck, boy," he hissed into my ear. Then he slammed his entire 10 inches up in my hungry hole. My feet were entirely off the deck. I flailed around, impaled on Vick's horny cock.

Finally, one of the twins came over to me, leaned down, grabbed my still-stiff cock in his huge paw, and squeezed...hard.

"Ow! Please, stop! Please don't hurt us, okay?" I begged. I was really getting scared now. The man's grip loosened, but he didn't let go. He just started to slowly stroke my prick up and down. Then he spoke to me in pretty good English with an accent.

"I am Jacques. You, my friends, should be grateful to us for saving your pitiful lives from the sea." He grinned and stroked my cock more firmly. "If my brother and I did not come by and see you struggling in the water, you would be dead."

"Okay, so, thank you. But is this any way to treat us?"

"Silence!" the other brother shouted. "The spilled fuel and debris from your boat has ruined our lobster cages. We will not be able to sell anything for many weeks!" He was mad.

"Just what do you want from us?" I hoped for a reprieve.

"My brother, Henri, is right. We will suffer hardship for many weeks to

come. You are the reason, so you will be the solution," he said matter-of-factly. "You both will stay until we set up new cages further along the coast. You will build and dive with us until all the work is finished. Oui?" As Jacques said the word "oui," he squeezed very hard on my cock. I shouted in agony.

"Well, speaking for my friend and myself, I can say that we will be able to stay and help out for a few days, but we must be going after that," I said as assertively as I could.

"No!" shouted Henri as he lunged at Vick and grabbed his long hair, pulling back his head so far that I could see Vick was beginning to choke. His face turned bright red and I could see his eyes begin to bulge. Vick was struggling desperately in his tight bondage which only made his captor hold on more viciously.

"Stop!" I screamed. "If you have to hurt anyone, hurt me. Okay?" I wasn't stupid. Keeping both of us alive for the moment would give us a better chance to escape later.

"Henri." Jacques calmly waved his hand. Henri let go, letting Vick's head drop into a breathing position.

Vick lay there just panting and gasping. Sweat was freely pouring from his pits and his brow. As big as he is, Vick looked as weak as a baby.

"So, brave one, shall I repeat myself again?" purred Jacques.

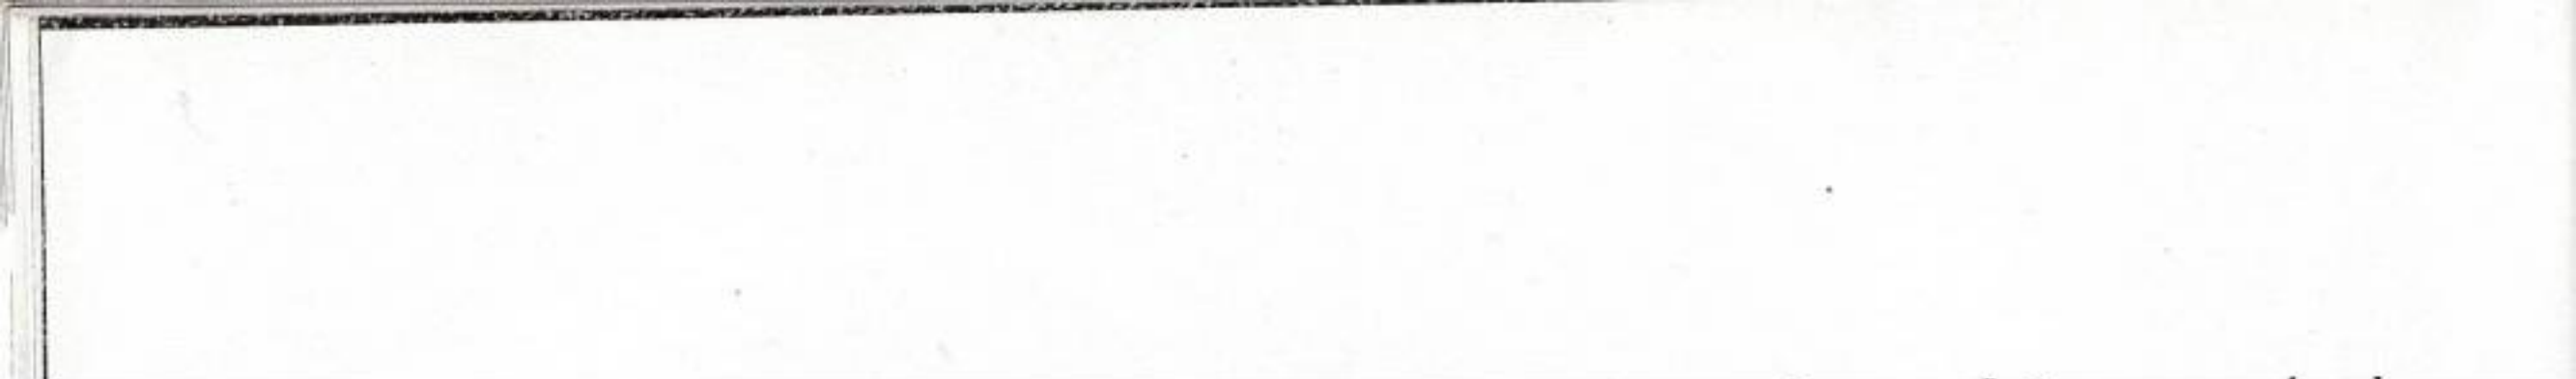

"No. We will do whatever is necessary to settle our debt with you," I sighed.

"Good. I am glad we have come to an agreement." Jacques had a strange look in his eye. "Now we will consummate our new partnership. Oui?"

This time, instead of gripping my dick, Jacques twisted both my clamped tits. He pulled them away from my chest which caused me to try to rise up, but only to the point my bonds would allow.

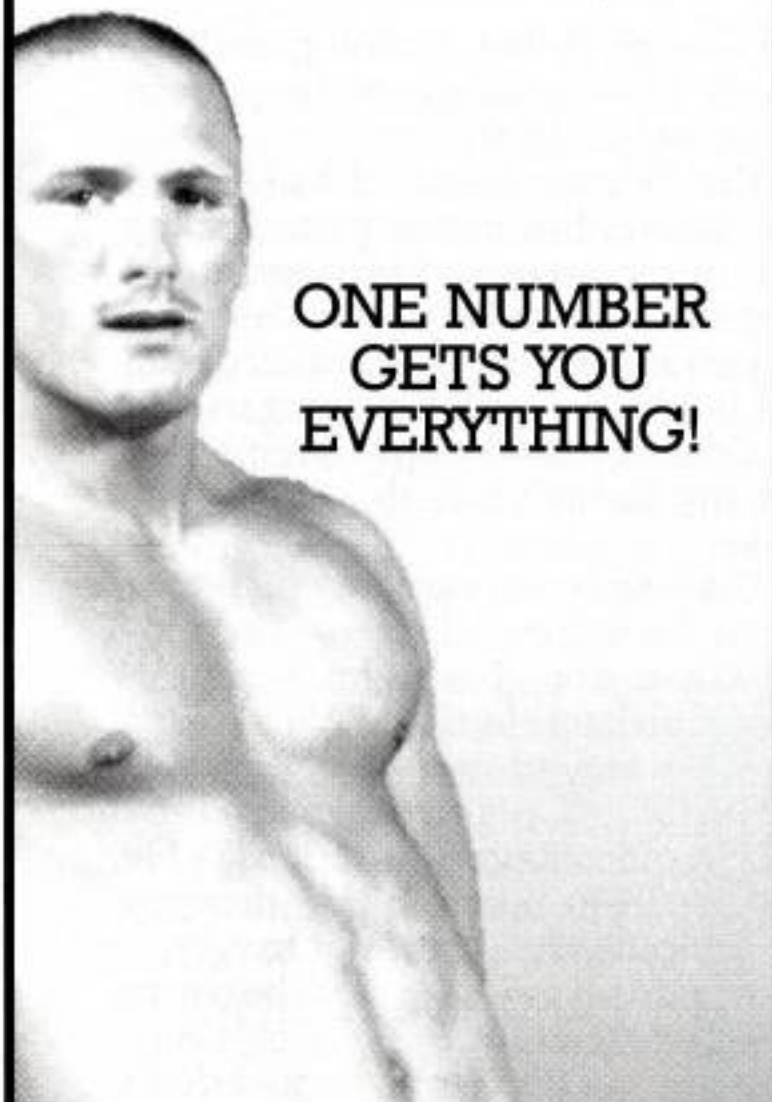

"You see, my friend, Henri and I have grown quite tired of seeking pleasure from each other. But, alas, there are few others on our side of this island to bring us any excitement. But now, you and your strong friend are here and it would be a terrible waste to not allow you both to give of yourselves." His tan face grew into a massive grin, showing off his large, white teeth.

At the same time I heard Vick moan and felt his sphincter grip down on my spewing cock; he was cumming too. It seemed that we both came for minutes, but finally I collapsed into a panting and sweaty lump on top of Vick. He was silent except for his heavy breathing through the soaked gag.

Our twin captors, however, had yet to be relieved.

On your knees, boy.
I said, get down on your knees, boy!
Good boy. Now, boy, I want you to take a pencil
and fill out this order form for the upcoming, all-new RoB

haven't filled out this order form perfectly, then you know what's going to happen, boy?
Well, for starters, I'm going to give your pussy-boy ass a walloping it won't soon forget. But
